REPORT

—OF THE—

Mining Districts

Of Idaho.

For the Year 1904.

By ROBERT N. BELL, Inspector of Mines

WOODBURN HYDRAULIC PLACER, IDAHO CITY

for shipping ore, and a very considerable amount of the shipping class was produced.

The discovery of other bodies of this bonanza class of ore at the deep level of the Sinker tunnel is not improbable, which together with its other prospects of profit affords an attractive and justifiable speculative investment.

The ores and formations of Silver City District, and other districts in Owyhee County belong to the same geological division and mode of origin as do the noted producers of the Nevada country to the south, of which they practically form a part, and contain the elements that may at any time again, as they have in the past, lead to the same sensational disclosures of bonanza ore that are bringing such fame to the Nevada camps at the present time.

There are several places in the vicinity of Silver City and Delamar where, high up on the mountains, float ore of fabulous richness has been found, indicating other original sources of bonanza ore besides those already known and worked. These discoveries, however, are, in some instances, on old acquired territory, whose owners are not able or willing to develop them. Their position and the conditions under which they occur, however, are a practical guarantee that the rich virgin ore resources of Owyhee have by no means all been exhausted.

Shoshone County.

The year's record of mining development in the great lead-silver districts of the Coeur d'Alenes has been one of steady progression of new discoveries and expanding ore resources, and a new high record of production has been established, exceeding that of 1903 by 745,272 ounces of silver, and 3,019,000 pounds of lead, with net earnings approximating \$2,800,000.

The production of the first six months of 1904 was unprecedented, and had it not been for the unusually dry weather conditions prevailing during the second half of the year, which seriously hampered milling facilities, the

most prosperous year of increased mineral production. Its No. 2 tunnel was carried entirely through the mountain to an outlet on the Nine-mile slope, in a forest of fine mining timber, where a sawmill has been put in operation, affording a cheap extensive supply of material for all purposes of the mine's rapidly expanding operation.

In March connection was made by a 540-foot raise from No. 3 to No. 2 level. Stations have been cut in this raise at regular intervals for intermediate levels, which have since been driven out east and west on the ore shoot. No stopping has been done on this great block of ground, as No. 2 still continues to produce the great tonnage of ore turned out by the mine.

A system of electric haulage has been installed on the No. 3 adit level during the year, also a complete system of surface and underground telephones and electric lights. Power for operating these systems, as well as furnishing compressed air is derived from the company's power plant, about three-quarters of a mile south of the mine, using the waters of No. 3 tunnel and Gore Gulch.

A line of new development on this property is to be carried forward on the same broad plan as in the past. Ground will be broken during the year for a No. 4 tunnel to be driven from the power house, approximately 4,000 feet, to the ore shoot, and which will give an additional vertical depth of 700 feet below No. 3 level.

Plans are being drawn for a 200-ton concentrator to be erected early in the year with which to work the immense reserves of high-grade concentrating ore that has accumulated at the No. 2 level; during the extraction of shipping ore, so far, the only kind marketed. The mine is employing 100 men underground, and continues to be the most profitable producer in the district for the number of men employed.

Hecla.—The operation of this steady producer has been successfully carried on through the past year under very able management and returned a net profit to its stockholders closely approximating \$150,000. A large amount of new development work has been accomplished and many economies of operation instituted. Electric power has replaced steam in the whole plant, at mine and mill, including the big hoist, and is working very satisfactorily.

New crushing machinery has been added to the mill,

and an addition to the slime plant is now in course of construction. The 600-foot level in the mine has been greatly extended during the year with gratifying results, and the main working shaft to the 900-foot level is in progress.

The canyon mines generally have enjoyed a successful and prosperous year, and several important new ore discoveries have been made in its great fissure system, and they give promise of continuing to be the chief center and source of profit in the Couer d'Alenes for some time into the future.

Morning.—This great property at Mullen, while making a large output of mineral on the whole experienced a year of rather hard luck, and suffered more from the short water supply than any of the other big properties, which resulted in shutting off the progress of its big tunnel undertaking, and reduced the capacity of its 1,000-ton milling plant more than half during the last four months of the year. The great water power plant with which this immense mining and milling operation is kept in motion, has recently been enforced by electric power from Spokane Falls. Work is again in progress on the two-mile drain tunnel, and it is anticipated that the big milling plant will again shortly be brought up to its normal capacity.

The transmissnon of electric power from Spokane Falls by the Washington Water Power Company has proven quite a boon to the Couer d'Alene operators.

The power is generated at the plant of the company, and is transmitted through a line 100 miles long, three phase, sixty cycles, 45,000 or 60,000 volts.

This company is at the present time supplying in the neighborhood of 3,000 horse power to the mining companies at a price of \$50 per horse power per annum.

The power is used for almost every possible mining purpose, operating concentrators, crushers, sawmills, hoists, compressors, blowers and almost every conceivable application of electric power for such an enterprise, and has proven very efficient, steady and reliable.

Other lead-silver mines. The Gold Hunter property at Mullen has been undergoing extensive improvements in both mine and mill, and will doubtless enter the list as an important shipper during the coming year.

The Sixteen-to-One mine at Nine-mile is another well-

NOW, THEREFORE, in consideration of the premises and the covenants and agreements contained in this Agreement, and intending to be legally bound hereby, the Company, Holdings and Merger Sub hereby agree as follows:

ARTICLE I. THE MERGER

Section 1.1 The Merger. In accordance with Section 251(g) of the DGCL and subject to and upon the terms and conditions of this Agreement, Merger Sub shall, at the Effective Time, be merged with and into the Company, the separate corporate existence of Merger Sub shall cease and the Company shall continue as the surviving corporation. The Company as the surviving corporation after the Merger is hereinafter sometimes referred to as the "Surviving Corporation." At the Effective Time, the effect of the Merger shall be as provided in Section 259 of the DGCL.

Section 1.2 Effective Time. The Merger shall become effective upon the filing of a copy of this Agreement or a Certificate of Merger relating hereto with the Secretary of State of the State of Delaware (the time of such filing being referred to herein as the "Effective Time").

Section 1.3 Amended Certificate of Incorporation of the Surviving Corporation. From and after the Effective Time, the Certificate of Incorporation of the Company, as in effect immediately prior to the Effective Time, shall be amended as set forth below, and as so amended, shall thereafter continue in full force and effect as the certificate of incorporation of the Surviving Corporation until thereafter amended as provided by law, and as so amended, shall constitute the Amended Certificate of Incorporation of the Surviving Corporation.

(a) Article I shall be amended in its entirety to read as follows:

“The name of the Corporation shall be HECLA LIMITED”.

(b) Article IV thereof shall be amended so that the first paragraph reads in its entirety as follows:

“The aggregate number of all classes of shares which the Corporation shall have the authority to issue is one thousand (1,000) shares of common stock, par value \$0.25 per share (the “Common Stock”).”

(c) Article XI shall be restated so as to read in its entirety as follows:

“Any act or transaction by or involving the Corporation, other than the election or removal of directors of the Corporation, that requires for its adoption under the General Corporation Law of the State of Delaware or this certificate of incorporation the approval of the stockholders of the Corporation shall, pursuant to Section 251(g) of the General Corporation Law of the State of Delaware, require, in addition, the approval of the stockholders of Hecla Holdings Inc., a Delaware corporation, or any successor thereto by merger, by the same vote that is required by the General Corporation Law of the State of Delaware and/or this certificate of incorporation.”

Section 1.4 Bylaws. From and after the Effective Time, the Bylaws of the Company, as in effect immediately prior to the Effective Time, shall be the Bylaws of the Surviving Corporation until thereafter amended as provided therein or by applicable law.

Section 1.5 Directors. The directors of the Company immediately prior to the Effective Time shall be the initial directors of the Surviving Corporation and will hold office from the Effective Time until their successors are duly elected or appointed and qualified in the manner provided in the Certificate of Incorporation and the Bylaws of the Surviving Corporation or as otherwise provided by law.

Section 1.6 Officers. Section 1.7 Additional Actions. Subject to the terms of this Agreement, the parties hereto shall take all such reasonable and lawful action as may be necessary or appropriate in order to effectuate the Merger and to comply with the requirements of Section 251(g) of the DGCL. If, at any time after the Effective Time, the Surviving Corporation shall consider or be advised that any deeds, bills of sale, assignments, assurances or any other actions or things are necessary or desirable to vest, perfect or confirm, of record or otherwise, in the Surviving Corporation its right, title or interest in, to or under any of the rights, properties or assets of either of Merger Sub or the Company acquired or to be acquired by the Surviving Corporation as a result of, or in connection with, the Merger or otherwise to carry out this Agreement, the officers and directors of the Surviving Corporation shall be authorized to execute and deliver, in the name and on behalf of each of Merger Sub and the Company, all such deeds, bills of sale, assignments and assurances and to take and do, in the name and on behalf of each of Merger Sub and the Company or otherwise, all such other actions and things as may be necessary or desirable to vest, perfect or confirm any and all right, title and interest in, to and under such rights, properties or assets in the Surviving Corporation or otherwise to carry out this Agreement.

Section 1.8 Conversion of Securities. At the Effective Time, by virtue of the Merger and without any action on the part of Holdings, Merger Sub, the Company or the holder of any of the following securities:

(c) Each share of Merger Sub Common Stock issued and outstanding immediately prior to the Effective Time shall be converted into and thereafter represent one duly issued, fully paid and nonassessable share of common stock, par value \$0.25 per share, of the Surviving Corporation.

(d) Each share of Holdings Common Stock owned by the Company immediately prior to the Merger shall automatically be canceled and retired and shall cease to exist.

(e) From and after the Effective Time, holders of certificates formerly evidencing Company Common Stock and Company Preferred Stock shall cease to have any rights as stockholders of the Company, except as provided by law; provided, however, that such holders shall have the rights set forth in Section 1.9 herein.

Section 1.9 No Surrender of Certificates; Stock Transfer Books. At the Effective Time, the designations, rights, powers and preferences, and qualifications, limitations and restrictions thereof, of the capital stock of Holdings will, in each case, be identical with those of the Company immediately prior to the Effective Time. Accordingly, until thereafter surrendered for transfer or exchange in the ordinary course, each outstanding certificate that, immediately prior to the Effective Time, evidenced Company Common Stock and Company Preferred Stock shall, from the Effective Time, be deemed and treated for all corporate purposes to evidence the ownership of the same number of shares of Holdings Common Stock and Holdings Preferred Stock, respectively.

Section 1.10 Plan of Reorganization. This Agreement is intended to constitute a "plan of reorganization" within the meaning of Treasury Regulation Section 1.368-2(g). Each party hereto shall use its commercially reasonable efforts to cause the Merger to qualify, and will not knowingly take any actions or cause any actions to be taken which could reasonably be expected to prevent the Merger from qualifying, as a reorganization within the meaning of Section 368(a) of the Code.

ARTICLE II.

ACTIONS TO BE TAKEN IN CONNECTION WITH THE MERGER

Section 2.1 Assumption of Options. At the Effective Time, all unexercised and unexpired options to purchase Company Common Stock ("Options") then outstanding, under the Hecla Mining Company 1995 Stock Incentive Plan (the "1995 Plan") and Hecla Mining Company Key Employee Deferred Compensation Plan (the "2002 Plan" and, together with the 1995 Plan, the "Option Plans"), and any other plans of the Company in existence as of the Effective Time, which allows the purchase or grant of Company Common Stock, whether or not then exercisable, will be assumed by Holdings. Each Option so assumed by Holdings under this Agreement will continue to have, and be subject to, the same terms and conditions as set forth in the applicable Option Plan and any agreements thereunder immediately prior to the Effective Time (including, without limitation, the vesting schedule (without acceleration thereof by virtue of the Merger and the transactions contemplated hereby) and per share exercise price, except that each Option will be exercisable (or will become exercisable in accordance with its terms) for that number of shares of Holdings Common Stock equal to the number of shares of Company Common Stock that were subject to such Option immediately prior to the Effective Time. The conversion of any Options which are "incentive stock options" within the meaning of Section 422 of the Code into options to purchase Holdings Common Stock shall be made in a manner consistent with Section 424(a) of the Code so as not to constitute a "modification" of such Options within the meaning of Section 424 of the Code.

Section 2.2 Assumption of Option Plans, Stock Incentive Plans and Other Agreements. Holdings and the Company hereby agree that they will, at or promptly following the Effective Time, execute, acknowledge and deliver an assignment and assumption agreement (the "Assignment and Assumption Agreement") pursuant to which, from and after the Effective Time, the Company will assign to Holdings, and Holdings will assume and agree to perform, all obligations of the Company pursuant to: (i) Option Plans; (ii) any other employee and executive compensation plans pursuant to which the Company is obligated to, or may issue equity securities to its directors, officers, or employees (collectively, all such plans are listed on Schedule A hereto and are referred to as "Stock Incentive Plans"); (iii) each stock option agreement and/or similar agreement entered into pursuant to the Option Plans or the Stock Incentive Plans, and each outstanding Option granted thereunder; and (iv) the other agreements (the "Other Agreements") listed on Schedule A hereto. At the Effective Time, the Option Plans, Stock Incentive Plans and the Other Agreements shall each be automatically amended as necessary to provide that references to the Company in such agreements shall be read to refer to Holdings.

Section 2.3 Reservation of Shares. On or prior to the Effective Time, Holdings will reserve sufficient shares of Holdings Common Stock to provide for the issuance of Holdings Common Stock under the Option Plans and the Stock Incentive Plans, including upon exercise of the Options outstanding under the Option Plans.

ARTICLE III. CONDITIONS OF MERGER

Section 3.1 Conditions Precedent. The obligations of the parties to this Agreement to consummate the Merger and the transactions contemplated by this Agreement shall be subject to fulfillment or waiver by the parties hereto at or prior to the Effective Time of each of the following conditions:

(a) No order, statute, rule, regulation, executive order, injunction, stay, decree, judgment or restraining order that is in effect shall have been enacted, entered, promulgated or enforced by any court or governmental or regulatory authority or instrumentality which prohibits or makes illegal the consummation of the Merger or the transactions contemplated hereby.

(b) The Board of Directors of the Company shall have received evidence in form and substance reasonably satisfactory to it indicating that holders of Company Common Stock and Company Preferred Stock will not recognize gain or loss for United States federal income tax purposes as a result of the merger.

(c) All third party consents and approvals required, or deemed by the Board of Directors of the Company advisable, to be obtained under any note, bond, mortgage, deed of trust, security interest, indenture, lease, license, contract, agreement, exchange membership, exchange allocation, plan or instrument or obligation to which the Company

or any subsidiary or affiliate of the Company is a party, or by which the Company or any subsidiary or affiliate of the Company, or any property of the Company or any subsidiary or affiliate of the Company may be bound, in connection with the Merger and the transactions contemplated thereby, shall have been obtained by the Company or its subsidiary or affiliate, as the case may be.

ARTICLE IV. COVENANTS

Section 4.1 Election of Directors. Effective as of the Effective Time, the Company, in its capacity as the sole stockholder of Holdings, will, if necessary to comply with Section 251(g) of the DGCL, cause the board of directors of the Holdings to effect such amendments to the bylaws of Holdings as are necessary to increase the number of directors of Holdings to equal the number of directors of the Company immediately prior to the Effective Time, remove each of the then directors of Holdings, and elect each person who is then a member of the board of directors of the Company as a director of Holdings, each of whom shall serve until his successor shall have been elected and qualified in accordance with the Certificate of Incorporation of Holdings.

Section 4.2 The Option Plans and the Stock Incentive Plans. The Company and Holdings will take or cause to be taken all actions necessary or desirable in order for Holdings to assume the Option Plans and the Stock Incentive Plans, each stock option or similar agreement entered into pursuant thereto, and each Option granted thereunder, all to the extent deemed appropriate by the Company and Holdings and permitted under applicable law.

Section 4.3 Insurance. Holdings shall procure insurance or cause the execution of the insurance policies of the Company such that, upon consummation of the Merger, Holdings shall have insurance coverage that is substantially identical to the insurance coverage held by the Company immediately prior to the Merger.

Section 4.4 Assumption of Agreements. The Company and Holdings will take or cause to be taken all actions necessary or desirable in order for Holdings to assume and perform the obligations of the Company under the Other Agreements, all to the extent deemed appropriate by the Company and Holdings and permitted under applicable law.

Section 4.5 Contribution of Treasury Stock. Immediately prior to the Effective Time, the Company will contribute to the capital of Holdings any shares of Company Common Stock then held in the treasury of the Company.

ARTICLE V. TERMINATION AND AMENDMENT

Section 5.1 Termination. This Agreement may be terminated and the Merger contemplated hereby may be abandoned at any time prior to the Effective Time by action of the Board of Directors of the Company or the Board of Directors of Merger Sub if such Board of

Directors should determine that for any reason the completion of the transactions provided for herein would be inadvisable or not in the best interest of such corporation or its stockholders. In the event of such termination and abandonment, this Agreement shall become void and neither the Company nor Merger Sub nor their respective stockholders, directors or officers shall have any liability with respect to such termination and abandonment.

Section 5.2 Amendment. At any time prior to the Effective Time, this Agreement may, to the extent permitted by the DGCL, be supplemented, amended or modified by the mutual consent of the Boards of Directors of the parties to this Agreement.

ARTICLE VI. MISCELLANEOUS PROVISIONS

Section 6.1 Governing Law. This Agreement shall be governed by and construed and enforced under the laws of the State of Delaware.

Section 6.2 Counterparts. This Agreement may be executed in one or more counterparts, each of which when executed shall be deemed to be an original but all of which shall constitute one and the same agreement.

Section 6.3 Entire Agreement. This Agreement, including the Schedules attached hereto, together with the Assignment and Assumption Agreement constitute the entire agreement and supersede all other agreements and undertakings, both written and oral, among the parties, or any of them, with respect to the subject matter hereof. This Agreement may not be amended or supplemented except by a written document executed by the parties to this Agreement.

Section 6.4 Severability. The provisions of this Agreement are severable, and in the event any provision hereof is determined to be invalid or unenforceable, such invalidity or unenforceability shall not in any way affect the validity or enforceability of the remaining provisions hereof.

IN WITNESS WHEREOF, the Company, Holdings and Merger Sub have caused this Agreement to be executed as of the date first written above by their respective officers thereunto duly authorized.
