RE: Water Right Subcase Nos. 75-2, *et al.* (City of Salmon/Arrowhead Water District/Edwards)

Dear Special Master Dolan:

Please find enclosed for filing the SF5s for the City of Salmon/Arrowhead Water/Edwards subcases.

A motion to set aside partial decrees is pending in Subcase Nos. 75-2, 75-2034, 75-2035, 75-2162, 75-10046, 75-10047 & 75-14254 (Edwards). By signing the enclosed SF5s for water rights 75-2, 75-2162, 75-10046, & 75-10047, the parties and the Department request that the court set aside and amend the partial decrees for these water rights to make them consistent with the enclosed SF5s. I anticipate that the City of Salmon will be filing a motion to withdraw the motion to set aside partial decrees for water rights 75-2034, 75-2035, & 75-14254.

Also, please note that through the SF5 process, we split claim numbers 75-17B and 75-10075 into four water rights. One half of the splits retained the original water right number and the other half received a new water right number. So now we have 75-17B and its new split 75-14700. We also have 75-10075 and its new split 75-14701.

Finally, please note that the SF5s for water rights 75-10046 and 75-14700 were executed via email in counterpart so there are multiple signature pages. Please do not hesitate to call me if you have any questions regarding these or any of the SF5s.

Sincerely,

A handwritten signature in dark ink, appearing to read "G. Baxter", written over a horizontal line.
