Case No. 39576

) Subcases: See Exhibit 1
)

) NOTICE OF COURT'S INTENT TO ISSUE
) PARTIAL DECREES
)

On January 23, 2006, the *Director's Report (Idaho Department of Water Resources, Director's Report, Basin 74)* was filed and included recommendations for those water rights listed on the attached Exhibit 1. No objections were filed to the Director's recommendations. Prior to the hearing held on the uncontested rights for Basin 74, the Court was notified by IDWR of an error in the description of the Source element for each of these rights. According to IDWR, the Source correctly reported as "Springs." However, the description of the Tributary was missing. On January 6, 2012, IDWR provided the court with the correct missing Tributary description for each right.

Therefore, it is the intent of the Court to issue ***Partial Decrees*** for these water rights consistent with the attached draft ***Partial Decrees***. If any party shall have an objection to the intended changes, they may submit any objections to the Court and a hearing will then be held on the matter. The deadline for receipt of such objections is February 28, 2012. However, if there are no objections, ***Partial Decrees*** will be issued.

DATED January 12, 2012,

ERIC J WILDMAN
Presiding Judge
Snake River Basin Adjudication
