RE: Water Right Subcase Nos. 75-63A, *et al.* (McFarland/Slavin)

Dear Special Master Dolan:

Please find enclosed for filing SF5s for the McFarland/Slavin subcases.

A motion to set aside partial decrees is pending in Subcase Nos. 75-63A (McFarland), 75-10061E (Slavin), 75-10061G (Slavin), 75-10062E (Slavin) and 75-10178 (Slavin). By signing the enclosed SF5s for water rights 75-63A, 75-10061E, 75-10061G, 75-10062E and 75-10178, the parties and the Department request that the court set aside and amend the partial decrees for these water rights to make them consistent with the enclosed SF5s.

Also, please note that through the SF5 process, we split water right nos. 75-10178 into two water rights. One half of the split retained the original water right number and the other half received a new water right number. So now we have 75-10178 and its new split 75-14704.

Also, please note that the parties are filing an SF5 for 75-14637, which is currently an uncontested water right but that has not yet gone to decree.

Finally, please note that the SF5s for the above-referenced water rights were executed via e-mail in counterpart so there are multiple signature pages. Please do not hesitate to call me if you have any questions regarding these are any of the SF5s.

Sincerely,

GARRICK L. BAXTER
