Case No. 39576	)	
	)	SPECIAL MASTER REPORT
_____	)	

Findings of Fact

The Director of the Idaho Department of Water Resources filed his *Director's Report for Irrigation and Other Uses, Reporting Area 5, Part III, Volume Three (IDWR Basin 35)* on June 23, 1999. The Director recommended the two claims to the Aberdeen-Springfield Canal Company, P.O. Box 857, Aberdeen, Idaho, 83210, for 6 cfs and 2.44 cfs from groundwater to irrigate 600 acres and 244 acres within a 37, 798 acre place of use within Aberdeen-Springfield's boundary in Bingham County from April 1 to October 31 with priority dates of August 7, 1958, and October 15, 1934, based on licenses.

Aberdeen-Springfield filed *Objections* on August 6, 1999, objecting to source, priority date, place of use, other matters and alleging the water right should not exist "because should be part of the project water rights with the Snake River as the source."¹ The United States of America, Department of Interior, Bureau of Land Management, filed an *Objection* on August 20, 1999, objecting to quantity and place of use. On July 10, 2001, 83 additional "interested parties" were joined.

Aberdeen-Springfield was granted leave to amend its claims on June 21, 2007, "to more accurately [identify] the place of use resulting in a larger number of acres than originally claimed." IDWR filed its *Amended Director's Report, Subcase Nos. 01-23B, 01-297, 35-2543*

¹ Aberdeen-Springfield amended its *Objections* on July 16, 2001.

and 35-4246 recommending the above two claims for 6 cfs and 2.44 cfs to irrigate 61,772.6 acres within the area served by the Aberdeen-Springfield Canal Company.

The Surface Water Coalition filed an *Objection* on April 28, 2008, objecting to place of use and remarks. American Falls Reservoir District #2 filed its *Objection* the same date with the same objections. The State of Idaho was granted leave to file a late *Response* on July 16, 2008. Aberdeen-Springfield and the United States filed a *Stipulation to Resolve Objections* on April 30, 2009.

On June 11, 2009, the Special Master entered an ***Order Partially Granting Aberdeen-Springfield's Motion for Summary Judgment and Denying Surface Water Coalition's Motion for Summary Judgment and Motion to Strike Affidavits*** in the above subcases. In the *Order*, the Special Master concluded that 1) recharge for irrigation was recognized as a beneficial use of water before enactment of its groundwater recharge statute in 1978, and 2) a portion of ASCC's diversion from the Snake River decreed "for irrigation and other purposes" in water right 01-23B was lawfully changed to "recharge for irrigation" with a priority date of February 6, 1895. The Surface Water Coalition's *Motion for Reconsideration* was denied on January 8, 2010.

On July 21, 2009, the parties, with IDWR's concurrence, filed a *Stipulation to Resolve Objection*. On August 31, 2010, the Special Master entered an ***Order Denying Motion to Alter or Amend***.

On April 4, 2011, SRBA Presiding Judge entered his ***Memorandum Decision and Order on Challenge*** recommitting the matters to the Special Master "for additional evidence and findings on basis of recharge." Finally, on November 14, 2011, the parties, with IDWR's concurrence, filed *Standard Forms 5*.

Conclusions of Law

Aberdeen-Springfield Canal Company is entitled to partial decrees adjudicating water rights as described in the *SF-5s* and the attached ***Special Master Recommendations for Partial Decrees for Water Rights 35-2543 and 35-4246***.
