JOINT ORDER SETTING DEADLINES
AND STATUS CONFERENCE

SUBCASE NO.: 00-92020

On January 25, 2012, a status conference was held in consolidated subcase 00-92020. IDWR and the parties reported on progress on the subcases which previously raised legal issues relating to theories of recharge or recovered water. The Idaho Department of Water Resources continued its report on *Director's Reports* it is reviewing to determine whether they contained any omissions from prior decrees, licenses, or transfers.

IDWR and the parties have previously reported on subcases in Round One and Round Two to which there are now agreements.

In the Third Round Review, IDWR reported that 4 subcases had no omissions. All parties agreed on the record that the 4 subcases should go forward to *Master's Reports* as recommended by IDWR. The list of 4 "no change" subcases is attached as Exhibit 1.

In the Third Round Review, IDWR reported that 30 subcases required changes. IDWR confirmed that it had circulated to the parties the proposed changes to the elements of the 30 subcases. All parties agreed on the record to the elements of the 30 subcases. However, the United States BLM requested additional time to review the digital boundaries. The list of 30 "change" subcases is attached as Exhibit 2 and will be set for a Status Conference on February 13, 2012.

Round Three included 11 Basin 01 subcases. IDWR reported that those subcases will be resolved with standard forms 5.

The Fourth Round Review is ongoing. IDWR identified the 11 remaining subcases attached as Exhibit 3.
