RE: AMENDMENTS TO A43-00239B AND A43-00240B

Dear Bud

Enclosed are two copies of each claim showing the amended point of diversion. If this is acceptable, please sign and have the claims notarized.

Once the department has received the notarized claims they will be valid and I can base my recommendation on those claims. I noted that the address on the claims only list Malta Id. If you would write in the correct address and initial the changes, then I will update those also when the claim comes back.

If you have any questions please give me a call.

Sincerely

Kelly K Christensen

I called him and discussed the two systems. For the licensed claims we discussed the delivery system. He indicated that the system has been changed and that Robin Wells was the consultant that helped design the system. He stated that I could obtain that information from Robin.

For the Elba property, I explained that the claims only listed one P/D but that it appeared that two different P/Ds and delivery systems existed for his property. He concured. We decided that I would generate amended claims and send them to him for his signature. No change in the place of use was discussed.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

SYSTEM DESCRIPTION: DESCRIBED BELOW (___), SEE LICENSE FILE (___), OR SEE ATTACHMENT (___)

The system is to diversions from Clyde creek diverting water into earth ditches & going to the P/U. Water is applied to the property via flood irrigation. The P/D in Sec 25 delivers water to the NW corner of the property and the irrigation flow is South east from this point. The P/D in Sec 36 delivers water to the P/U approximately 340' South of the NW corner of the P/U. The ditch runs easterly across 2/3 of the Quarter/Quarter then turns North exiting the property approx 400' West of the NE corner. The property is fairly well irrigated (irrigatable).

Pettingill claimed A43-00239A and A43-00240A and Tracy claimed A43-00239B and A43-00240B. The decreed place of use was split with each claimant receiving approximately 40 acres each. The splits reflect the proportionate ownership.

Tracy system analysis:

A43-00239B 0.10 cfs
A43-00240B 0.60 cfs
Total 0.70 cfs

I found 38 acres being irrigated. $38 \text{ ac} * 0.02 \text{ cfs} = 0.76 \text{ cfs}$
The claimed rate is less than 1 inch per acre
Recommend claimed rates of 0.10 and 0.60 cfs respectively.

Pettingill system analysis:

A43-00239A 0.10 cfs
A43-00240A 0.60 cfs
Total 0.70 cfs

I found 42 acres being irrigated. $42 \text{ ac} * 0.02 \text{ cfs} = 0.84 \text{ cfs}$
The claimed rate is less than 1 inch per acre
Recommend claimed rates of 0.10 and 0.60 cfs respectively.
