Re: Application For Permit to Appropriate the Public Waters of the State of Idaho
Amendment of Adjudication Claim

Dear Mr. Grasse:

Enclosed please find an application for permit, that contains all of the elements we discussed in your office visit on June 14, 2011. Please review the application and if it meets with your approval, sign and return the document to me within the next 30 days so as not to delay processing. The application should also be accompanied by a check made out to "IDWR" in the amount of \$100.00 to cover the required filing fee.

I've also enclosed an amendment to the adjudication claim you previously filed with the department. The claim was for the pond we are currently working on. Since the pond was constructed in 2007 it needed to be covered by a license and could not be claimed in the Northern Idaho Adjudication. The amended claim is for the license you currently have for your domestic well. You have already paid the fee of \$25.00 for the claim, so all you have to do is sign the amended claim form and return it to me along with the application for the pond.

If you have any questions, don't hesitate to contact me or Chad Goodwin at this office.

Thank you.

Sincerely,

Keith E Franklin
Senior Water Resources Agent
