A *Partial Decree* was issued for the above-captioned water right on December 5, 2011. On February 10, 2012, the Clerk of the Court received correspondence from the Idaho Department of Water Resources notifying the Court that the *Partial Decree* contains an error with respect to the place of use element. A copy of the correspondence is attached hereto as Exhibit A. The correspondence asserts that the legal description of the *Partial Decree* for one of the places of use reads "T01N R15E S01 NESE," when it should read "T01N R15E S01 NWSE." The correspondence represents that all parties to the subcase agree that the description of the aforementioned place of use is in error. The Court also notes that the subject legal description was correctly set forth in the *Standard Form 5* filed by the parties in this matter on August 16, 2011, but was carried over incorrectly in the *Special Master's Report and Recommendation* and subsequent *Partial Decree*. Therefore, it is the intent of the Court to issue an ***Amended Partial Decree*** correcting the above-mentioned clerical errors in accordance with the attached Exhibit B.

Therefore, IT IS ORDERED that a hearing will be held on this matter on **May 15, 2012, at 1:30 p.m.** at the Snake River Basin Adjudication Courthouse, 253 3rd Avenue North, Twin Falls, Idaho. Any party wishing to object or comment on the Court's proposed action shall do so at that time. Attendance at this hearing by the claimant is not required, as the Court will take the proposed action in the absence of any objection to the contrary. Telephone participation will be

available by calling 1-215-446-0193 and when prompted entering code 406128 followed by the # sign.

RE: Subcase 37-22567

Dear Mr. Harrington:

On December 15, 2011, Janet Connell, deputy clerk to Special Master Bilyeu, received an email from Fred Price with the BLM, regarding water right 37-22567. The email points out a possible error in the Special Master's Report and Recommendation, issued on October 31, 2011. Mr. Price indicates the error also carried over to the partial decree of the water right, issued on December 5, 2011.

A Standard Form 5 / Amended Claim (SF5 / Amd) was filed on August 16, 2011, in parent right 37-13317A, which split the right into rights 37-22567, 37-22568 and 37-22569. One of the numerous place of use descriptions appearing on the SF5 / Amd of child right 37-22567 is listed as T01N R15E S01 NWSE. Mr. Price points out that the location of the quarter / quarter in both the SMRR and Partial Decree is shown as the NESE, instead of the NWSE. The Department, the State of Idaho, Fred Price for the BLM, Steve Spencer for the USFS (the BLM and USFS were objectors to the parent right) and the claimants all agree the place of use should be described as the NWSE.

Copies of the recommendations of right 37-22567 from the SF5 / Amd, SMRR and Partial Decree are attached for the court's convenience. The description in question has been highlighted on all three recommendations. The error only impacts the description of the 37-22567 child right. Would it be possible for the Court to correct the legal description in the partial decree as a clerical error?

Should the court require further assistance in this matter, please don't hesitate to contact me.

Sincerely yours,

A handwritten signature in cursive script that reads "Vicki Kelly". The signature is fluid and elegant, with a large initial "V" and a long, sweeping underline.
