63-301 (Bureau of Reclamation)

Dear Diana:

On December 30, 2011, the Department filed with the Court, Amended Director's Reports for the above-referenced water rights. On January 5, 2012, the Department provided updated digital boundary compact disks and maps to the Court. Recently, it has been brought to the attention of the Department that the digital boundary compact disks and maps contained an error in the numbering of townships and ranges. Accordingly, I am enclosing updated compact disks and maps correctly describing the recommended digital boundary place of use description for these water rights.

I am sending a copy of this correspondence, along with the updated digital boundary maps and compact disks, to the parties so that they are aware of this error.

If you should have any questions or comments, please feel free to contact me at 287-4815.

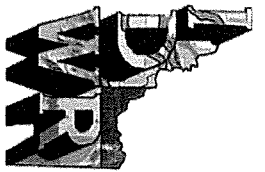

Sincerely,

A handwritten signature in black ink that reads "Nick Spencer".
