RE: Drilling Permit 34-90-Z-003

Dear Mr. Bell:

Enclosed is your approved Drilling Permit 34-90-Z-003 for your proposed irrigation well.

The reconstructed well authorized by this permit allows only for diversion of water for previously existing water rights and is not authorized for the diversion of water for new development.

The permit is subject to the Specific Conditions given on the attached sheet. The drilling prospectus required in Specific Condition No. 1 should be sent to the attention of Mark Slifka in the State Office at the address shown in the letterhead.

An additional copy of the permit has been enclosed for your driller. Please give it to him as he is required to have a copy on site.

If you have any questions, please contact this office.

Dear Mr. Bell:

The Department has received and reviewed the three (3) applications for drilling permit which you submitted to this office. The applications have been identified as 34-90-Z-001, 34-90-Z-002 and 34-90-Z-003. Enclosed are two (2) receipts totaling one hundred twenty dollars (\$120) in connection with the applications.

The Department has approved drilling applications Nos. 34-90-Z-001 and 34-90-Z-002 which propose stockwater wells in Sections 15 and 16, T3N, R26E, B.M. The approved permits provide that the diameter of the wells cannot exceed 12 inches and that the only use of water authorized from the wells is stockwater in an amount not to exceed 13,000 gallons per day. Enclosed are copies of the approved applications.

The Department has not approved the proposed irrigation well deepening shown on drilling permit application No. 34-90-Z-003. The reason the application cannot be approved is the same general reason that certain other wells in the Arco area are currently involved in controversy. This reason is the potential interference with surface water flows in the vicinity. The Department is willing to refund the \$100 fee if you wish to withdraw the application and resubmit it when the likelihood of approval will better be known. You may leave the application on file with the Department if you wish; but if you wish to withdraw it, the request should be submitted within 30 days.

Please feel free to contact the Department if you have questions.

RE: Place of Use Permit 34-7037

Dear Mr. Bell:

The A.S.C.S. office in Arco has informed the department that their records indicate that the east half of Sec 16, T03N, R26E, has been irrigated at least since 1981. If you are able to supply me with documented verification that the east half of Sec 16 was irrigated prior to 1985, I may be able to include the lands in Sec 16, under the place of use for 34-7037. The earlier the documentation the better.

The verification should consist of the following:

1. An aerial photograph of Sec 16 dated between 1981, and 1985. The aerial photograph can be a copy of the compliance flight. The aerial photograph must be dated as to the date of the photo, and signed and dated by the county CED for the A.S.C.S.
2. Oldest crop report from A.S.C.S. dated prior to 1985. (It would be best to have the earliest report that the A.S.C.S. office has for Sec 16.) The crop report must also be signed and dated by the county CED.
3. Any other documentation (prior to 1985) that you may have that indicates irrigation of the east half of Sec 16. The earlier the information the better.

Please forward this information to me at the Eastern Regional Office as soon as possible before July 29, 1991. Your prompt response will be appreciated.

Sincerely,

Keith C. Wilson
