RE; CHANGE OF OWNERSHIP FOR 43-323B, 43-323C, 43-4105C, 43-4105D, AND 43-4105E

Dear Mr Barrett

Enclosed is the change of ownership form, for the above rights. I have also enclosed a map with some of the locations identified as we discussed. This map does not represent the final recommendation for all of the above rights although it does represent the basic relationship between the various parcels. I am planning on renumbering one of the 43-4105 series claims to reflect the 1982 domestic use.

The Cassia Creek rights did not list the actual location of the diversion from Cassia Creek. I have identified a point of diversion as shown on the map. I believe that location to be your point of diversion. Would you confirm this location or identify the correct point of diversion please?

Please note that the warranty deed is required for the ownership change.

Sincerely

Kelly K Christensen
Sr Water Resource Agent

RE: CHANGE OF ADJUDICATION WATER RIGHT OWNERSHIP A43-00323B &
A43-04105C

Dear Mr. & Mrs. Barrett:

Thank you for submitting the above-listed change of ownership form, however, I do have a few questions. The Agreement that you submitted with the Change of Ownership form, is between Edna B. Hartshorn, as seller, and Joseph W. and Mary Luana Barrett, you folks as buyers.

I do need:

Some kind of a document, copy of a Warranty Deed, or something of strong evidence of a mutual intent, that has Larence Barrett's name on it in order to transfer the name on the Adjudicated water right to your name. The original Claim was filed in Larence's name, or

Larence Barrett needs to sign as Former Owner/Claimant.
This would eliminate the need of a legal Deed.

Should there be a problem with this request, please feel free to call me or Allen Merritt, my Supervisor, at 736-3033 in Twin Falls.

Sincerely,

Judy Givens
Adjudication Secretary

Dear Judy Givens,

In answer to your letter of 14 Aug I am enclosing a Quit Claim Deed signed by Larence Barrett and his wife, Eldora P. Barrett transferring title to the property to Edna B. Hartshorn. Also attached is the contract between Edna Hartshorn and myself, Joseph W Barrett and my wife, Mary Luana Barrett which is still in force. I hope this will explain the change in ownership of the property.

My brother, Larence Barrett, is not available to sign the change of ownership papers but can be contacted in Oregon if necessary. The change of ownership is recorded in Burley in the county court house.

SURFACE WATER CLAIMS

The decreed right claims are both for portions of the decreed place of use acquired at different times. They are contiguous. There is a third claim against the decreed right filed by Montoya for 10 acres along the eastern side of the decreed place of use. The decreed right has been claimed in full and proportionally through the three claims.

GROUNDWATER CLAIMS

There are 4 claims against statutory claim 43-4105A and/or 43-04105B. The original statutory claim was split through T-2541.

CLAIMS AGAINST 43-4105A

There are three claims against this right.

Claim	use	rate	non irr use/acres	Claimant	Comments
43-4105C	dom	0.04	1 home	Barrett	Property description in warranty deed identifies approx. 62 acres
43-4105D	dom	0.04	1 house	Barrett	Property identified by arcview indicates approximately 7 acres
43-4105E	dom	0.04	1 home	Hartshorn	Location not clear from claim.

I called the county assessor on 12-12-2000 and she indicated that there are three homes under the Barrett ownership. Golden Gardner has a rental trailer on the 80 ft by 686 ft parcel listed as an exclusion in the Barrett warranty deed. There needs to be a change of ownership completed for 43-4105E, Hartshorn to Barrett. The assessor indicated that the property is now listed in a trust name.

I called Joseph Barrett (son to original claimant) and he indicated that he now owns the property. He indicated that the Hartshorn farmstead is located in the northwest corner of the SENW and has been there since the early 1900's. This property is identified under 43-4105E. This right has been decreed as a domestic use only.

The farmstead just south of that domestic use is where his parents live. He indicated that that use has been in existence since 1982. I am recognizing this use under 43-4105C and am including 1.1 acres of irrigation. I am recognizing the domestic use as an unrecorded transfer, changing the irrigation use for the ground where the home was built to domestic use year round.

The third domestic use is along the western border of the SENW and roughly in the middle of the quarter/quarter. This system has also been in since the early 1900s. I am recommending this use under 43-4105D as domestic use only as it appears that the farmstead area is approximately ½ acre in size.

He said that all three farms share the original well but that there is an additional well at the Hartshorn and his parent's homes. He stated that all wells are tied into a common mainline for backup purposes. I told him that I would recommend each home with three points of diversion. He confirmed that the original well is only used for the domestic homes and maybe 2 acres of lawn irrigation between the three homes.
