Subject: Cities of Meridian and Caldwell SRBA Claims Update 6-10-04

David,

I wanted to give you an update with respect to the two Cities' SRBA filings:

1) City of Meridian.

- a. 1987 system map.
 - i. Gary Smith was able to find several hand-drawn system maps by JUB Engineers (1998 and 1997) and he has converted this to a digital map that is almost completed.
- b. 2004 system/service area map.
 - i. I have been able to get an updated system map (digital) that I will forward to you.
- c. Fees
 - i. I will forward the necessary fees with the hard copies of documents.
- d. Schedule.
 - i. I hope to have everything together by the end of next week (June 18).

2) City of Caldwell.

- a. Proof.
 - i. We have been busy with this one but still have a ways to go.
 - ii. We obtained the City Council notes back to incorporation. These contain many references to the first wells and surface water use by the City. These are slow reading because of hand-written script and poor penmanship and the volumes are physically large (difficult to copy).
 - iii. Fortunately for the City, all of its original wells are still functional and even the earliest wells remain in use and are flowing artesian wells. We are in the process of packing these five wells off to obtain the aquifer pressure head and flow rates.
 - iv. It just takes a little while to get these projects approved and funded.
 - v. Also the existing old collection and distribution system (still wood pipe) is not metered by individual well so this is taking some time as well.
- b. Schedule.
 - i. The City is really pushing us to get this completed as soon as possible; we worked on the original City well-field this entire week.
 - ii. I can only say that we are intending to have it together by the August deadline (sooner if possible).

3) Wyoming.

Re: Amended Notices of SRBA Claims for the City of Caldwell, Idaho

Dear Mr. Tuthill:

Under the cover of this letter, and on behalf of the City of Caldwell, Idaho (City or Caldwell), I submit 30 Amended Notices of Claims to a Water Right for your review in the Snake River Basin Adjudication (SRBA) and Check No. 23203 in the amount of \$1,105.00 to cover filing fees. These amendments were filed to incorporate the accomplished transfer statute and to correctly portray the City's water rights as they have historically been used. The amendments also take into account the conclusions reached in our recent meetings and discussions of how municipal water rights will be considered by IDWR in the SRBA. A "proof" package, containing the documentation of use of the claimed water rights will follow within a day or so as soon as we can have an affidavit signed.

During recent discussions, you also informed Mr. Charles L. Honsinger (the City's water rights attorney) and I that IDWR intends to issue SRBA recommendations for all licensed water rights held by UWID at their full licensed quantities without investigating the historical use of those water rights. You stated that IDWR would leave the issue of the potential forfeiture of those rights to the SRBA objection process. Our clients, the Cities of Caldwell and Meridian are disappointed with IDWR's position, and are very concerned that UWID's unused "paper" water rights will be inserted in the water rights priority column, thereby effectively "diluting" the priority of the Cities' water rights, and making them less senior in the event of a "call." Additionally, the Cities believe that groundwater availability in Basin 63 should be adequately evaluated before IDWR recommends for decree a large quantity of potentially forfeit water rights even while numerous water rights applications in Basin 63 are not being processed due to an administrative hold which is based upon an understanding that the groundwater resource in Basin 63 is at risk. The effect of IDWR's wholesale recommendation of potentially forfeit water rights, without investigation, may place a burden on the groundwater resource with the potential for injury to other water right holders. We urge IDWR to reconsider its stance on the issue of the recommendations of UWID's licensed water rights without the type of scrutiny to which, up until now, all municipal water rights in Idaho have been subject. Thank you in advance for your thoughtful consideration of this matter.

Please process the enclosed claims accordingly and call me with any questions you may have.

Respectfully,

Ed Squires

SUPPLEMENTAL MEASUREMENT DATA
18TH AND MAIN WELL
Caldwell, Idaho

February 25, 1970

Melvin G. Lewis, City Engineer, and Jack Johansen, Water Superintendent, for the City of Caldwell observed the Hersey-Sporling meter located in the discharge line of the pump and is registered 755 gallons per minute at a pressure of 65 pounds per square inch. Mr. Johansen stated that in the recent past this was an average reading although it could vary as the pressure in the water system varied.

Pumping of the well started on December 6, 1966.

The yearly totals are as follows:

<u>YEAR</u>	<u>TOTAL WATER PUMPED</u>
1967	234,120,000 gallons
1968	186,500,000 gallons
1969	185,850,000 gallons

The monthly totals of the water pumped in 1969 is as follows:

<u>MONTH</u>	<u>TOTAL WATER PUMPED IN GALLONS</u>
January	24,850,000
February	21,650,000
March	24,670,000
April	2,480,000
May	10,090,000
June	6,320,000
July	19,590,000
August	23,830,000
September	21,980,000
October	12,490,000
November	9,850,000
December	8,050,000

The water pumped from this well will be dependent upon its relationship to the total water produced by the six other wells and will vary up to the maximum continuous flow.

Dear Mr. Shaw:

Please find attached a map of our service area. This includes construction on the south side that is scheduled for completion by July 31.

Water will be available for future development north of Ustick; however, initial construction consists of transmission lines for a proposed well site at 10th and Ustick during FY '92.

The area marked in pink will be completed during FY'91, also part of the transmission system. This will allow us to serve an additional 1000+ acres as development occurs.

If any further information is needed, please call me at 455-3070, anytime.

Sincerely,

Randy K. Dearden

**LEGAL NOTICE OF
PUBLIC HEARING BEFORE THE CANYON COUNTY
BOARD OF COMMISSIONERS**

LEGAL NOTICE IS HEREBY GIVEN, that the Canyon County Board of Commissioners will hold a public hearing at 6:00 p.m. on Tuesday, December 20, 1994 in the First Floor Public Meeting Room, Canyon County Courthouse, 1115 Albany, Caldwell, County of Canyon, Idaho.

The purpose of this public hearing is to take public testimony concerning a draft separate ordinance providing for application of Comprehensive Plan and implementing ordinances for the Area of City Impact for Caldwell, Idaho pursuant to Idaho Code Section 67-6526. Said ordinance shall provide for one of the following:

- [1] Application of the city plan and ordinances to the area of city impact; or
- [2] Application of the county plan and ordinances to the area of city impact; or
- [3] Application of any mutually agreed upon plan and ordinances to the area of city impact.

The Impact Area boundary being generally described on the north is the Union Pacific Railroad Tracks, State Highway 44, the north boundary of Curtis Park, the Boise River, Lincoln Street, and Highway 20-26. The Boundary described generally on the south is Homedale Road to Cleveland Boulevard and a line on a northeasterly angle to intersect Middleton Road at Laster Lane. Said boundary on the west is Wagner Road and Farmway Road. Said boundary on the east us Middleton Road, KCID Road, a line south of the Boise River which is in line with Emmett Road which is also the section line between Sections 13 and 14 in Township 4 North, Range 3 West, the east boundary of Curtis Park and the line of W. Hartley Gulch south of Highway 44 to the Boise River. (Please refer to the attached published map, EXHIBIT "A".)

The Canyon County Planning and Zoning Commission held a public hearing and took testimony on this matter November 22, 1994 and recommends to the Canyon County Board of Commissioners that the Board adopt, with certain modifications the draft ordinance considered by the Planning and Zoning Commission at it's hearing. Following this County Commissioners public hearing, the Board of Canyon County Commissioners may adopt or reject any or all portions of the proposal. If the Board intends to make a material change in the proposal, further notice and public hearing shall be provided before the Board of Canyon County Commissioners adopts an Ordinance.

Documents may be reviewed at the office of the Canyon County Board of Commissioners on the 1st Floor in the Canyon County Courthouse at 1115 Albany, Caldwell, Idaho, from 8:00 a.m. to 12:00 noon and from 1:00 p.m. to 5:00 p.m., Monday thru Friday, except holidays. All interested persons are invited to attend this public hearing and present oral or written testimony concerning this matter. For more information call (208) 454-7478. Assistance is available for those with disabilities upon twenty-four (24) hour prior notice.
