MOTION TO FILE LATE NOTICE OF CLAIM

A Motion to File a Late Notice of Claim will require a hearing before the Presiding Judge.

☒ I did not file a Notice of Claim to the use of water in the SRBA because:

IDFG owns and/or manages approximately thousands of acres of land for public use and, according to IDWR, filed approximately 600 water right claims in the SRBA. The failure to file claims for these water rights was inadvertent, and upon learning of the oversight, IDFG sought assistance from the Idaho Attorney General's in filing this late claim. See Attached Memorandum.

☐ I filed a Notice of Claim and elected to defer judicial proceedings on my domestic or stock watering use. I desire to reinstate my Notice of Claim for domestic or stock watering use.

☒ I am providing legal and factual documentation for my claimed use of water. You must described these documents and attach a readable copy. (You do not need to fill this out if you are reinstating a Notice of Claim for domestic or stock watering use, but you **must** attach a copy of your Notice of Claim.)

See Notice of Claim and Memorandum, attached hereto.

I have attached:

☒ A fully completed Notice of Claim (available from IDWR) is attached.

- ☒ A claim filing fee and a late claim fee for those claims other than domestic or stock water use for which a notice of claim was filed. To determine this amount, contact IDWR at (800) 451-4129. IDWR has advised that the claim filing fee for this notice of claim is \$977.50. In the event the SRBA Court grants this motion, IDFG requests that IDWR initiate the Interagency Billing Process. The PCA is 41913 and the ABC Code is C399. Please forward billing documents to Walt Poole, Idaho Department of Fish and Game, P.O. Box 25, Boise, Idaho, 83707.

Follow these instructions regarding the hearing on this motion.

*Attorneys for the State of Idaho,
Department of Fish and Game*

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT
OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA	)	Subcase Nos. 21-02039 and 21-02170
	)	
Case No. 39576	)	MEMORANDUM IN SUPPORT OF
	)	MOTION TO FILE LATE NOTICES
	)	OF CLAIMS
	)	

The State of Idaho, Department of Fish and Game (“IDFG”), by and through the undersigned deputy attorney general, hereby moves this Court for an order granting IDFG leave to file late notices of claims for water right nos. 21- 02039 and 21-02170. This motion is made pursuant to Rules 7 and 55(c) of the Idaho Rules of Civil Procedure (“I.R.C.P.”) and SRBA Administrative Order 1 (“A.O.1”).

Motions to file late notices of claims are reviewed under I.R.C.P. 55(c) and a “good cause” standard. The SRBA Court explained the applicable legal standard as follows:

In subcases for which partial decrees have not been entered, the legal standard for filing a late objection to a water right claim in the SRBA has been historically determined pursuant to the standard set forth in *AOI* for filing late claims since *AOI* does not expressly provide a standard for reviewing late objections. A motion to file a late claim is determined pursuant to I.R.C.P. 55(c), which provides the standard for setting aside the entry of a default. *See AOI* § 4d(2)(d) (late claims reviewed under I.R.C.P. 55(c) criteria) and (k) (leave to amend a notice of claim shall be freely given when justice so requires). In determining whether to set aside the entry of default under I.R.C.P. 55(c), Idaho Courts apply a “good cause” for untimeliness standard. I.R.C.P. 55(c). The “good cause” standard is more lenient threshold than the Rule 60(b) standard. [*McFarland v. Curtis*, 123 Idaho 931, 935, 854 P.2d 274, 279 (Ct. App. 1993).] The I.R.C.P. 55(c) standard takes into account the following factors:

- 1) whether the default was willful;
- 2) whether setting aside the judgment would prejudice the opponent;
and
- 3) as with a Rule 60(b) motion, whether a meritorious position has been presented.

McFarland, 123 Idaho at 936, 865 P.2d at 279.

Order on Motion to Set Aside Partial Decrees and File Late Objections, 5 SRBA 4, 4.5 (2001) (“A.L. Cattle”).

The IDFG can demonstrate good cause for the Court to grant this motion.

1. IDFG’s failure to file claims for the above listed water rights was not willful. The IDFG owns and manages approximately thousands of acres of land for public use and, according to IDWR, has filed approximately 600 claims in the SRBA. The failure to file claims for these water rights was inadvertent, and upon learning of this oversight, IDFG researched historical and current use and asked for legal assistance in filing the late claims. *Affidavit of Thomas Bassista* (“*Bassista Aff.*”) at ¶ 6 attached hereto.

2. No water users will be prejudiced by the granting of this motion. Claim nos. 21-02170 and 21-02039 are based upon licenses issued by the Idaho Department of Water Resources. Although the purpose of use has changed, IDFG has diverted water as authorized

under the licenses since acquiring the land to which the water rights are appurtenant. *Bassista Aff.* at ¶ 5. Accordingly, it is unlikely that any water user would assert prejudice as a result of this claim. Moreover, an order granting IDFG's motion will not prejudice any water users because water users who believe they will be prejudiced by this late claim may participate in the proceedings by filing an objection and/or response and will have a full and fair opportunity to address their concerns before the Court.

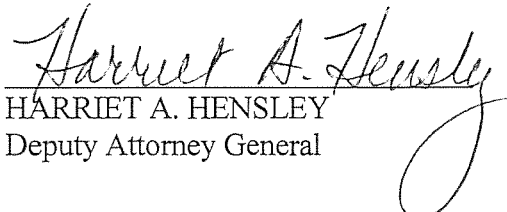

3. Finally, IDFG states a meritorious position in this motion. The purpose of the SRBA is to quantify lawful water use in the Snake River Basin for the purpose of improved administration. The water rights claimed are essential to the management of the Sand Creek Wildlife Management Area. *Bassista Aff.* at ¶ 5. Allowing IDFG to obtain partial decrees for these water rights is entirely consistent with this purpose.

Based on the foregoing reasons, IDFG has demonstrated good cause for this Court to allow the IDFG notices of claim to be adjudicated. IDFG respectfully requests that this Court enter an order granting IDFG leave to file late claims 21-02039 and 21-02170. Oral argument is requested on this matter.

4. I have reviewed the IDFG files and other information pertaining to water right claims 21-02039 and 21-02170. Both claims are based upon licenses issued by the Idaho Department of Water Resources. The licenses are appurtenant to lands conveyed to IDFG after the licenses were issued.
5. Water has been diverted under these rights for the purpose of recreation and wildlife habitat since the lands to which they are appurtenant were conveyed to the IDFG. These water rights are essential to the management of the Sand Creek Wildlife Management Area.
6. The failure to file claims for water rights 21-02039 and 21-02170 was inadvertent and upon learning of the oversight, the IDFG sought assistance from the Idaho Attorney General's Office in filing these late notices of claim.

Further your affiant sayeth naught.
