RE: Draft SRBA Claim A71-02004E
Amend SRBA Claim A71-04052

Dear Mr. Ellis:

As we discussed in our phone conversation today, I am sending you a draft amendment of your claim A71-04052. The changes I made to your original include:

- .modification of the rate from 0.3 to 0.9 cfs
- .modification of the location of the point of diversion from NWSW to SWSW to be consist with other claims & original license. 71-02004.
- .addition of remarks & reference to 71-02004.

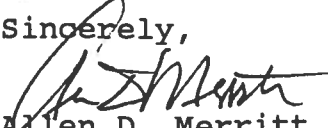

Additionally I am sending you a draft claim for a portion of old water license 71-02004.

If these draft claims correctly reflect your water use please sign them before a notary and return them to my office. Please include a check for \$100.00 for filing of A71-02004E. The \$100.00 includes a late fee of \$50.00 which may be waived or returned to you if the enclosed "Request for Extension of Time" is completed and approved.

Since portions of license 71-02004 are also claimed by others I request that you submit copies of your deed to aid in unraveling the splits of this old license. Additionally for my evaluation of the excess flow needs for your property I request you provide a statement as to how your property is watered. In the statement I specifically will need to know how long a time you set your water on a specific spot and how long a time it takes to get back and irrigate that same spot. (For Example you may set it for 24 hours and then irrigate the same spot in 14 days)

If you have questions please feel free to contact me at my office.

Sincerely,

Allen D. Merritt, P.E.
Water Rights Supervisor
