WARRANTY DEED

THIS INDENTURE, made this 21st day of February, 1996,
between EDSIL IVAN DARRINGTON, a/k/a IVAN DARRINGTON and
BARBARA DARRINGTON, a/k/a BARBARA T. DARRINGTON, husband and
wife, Box 136, Almo, Idaho 83312, ("Grantor"), and REID S.
STEWART and RUTH O. STEWART, husband and wife, whose address is
1655 Sunset Drive, Logan, Utah 84321, ("Grantee").

W I T N E S S E T H:

That the Grantor for and in consideration of the sum
of Ten Dollars (\$10.00), lawful money of the United States of
America, and other good and valuable consideration, to the
Grantor in hand paid by the Grantee, the receipt whereof is
hereby acknowledged, has granted, bargained, and sold and by
these presents does grant, bargain and sell, convey and confirm
unto the Grantee, and to the heirs and assigns of Grantee
forever, all of the following described real estate situated in
the County of Cassia, State of Idaho, to-wit:

TOWNSHIP 15 SOUTH, RANGE 26 EAST OF THE
BOISE MERIDIAN, CASSIA COUNTY, IDAHO

Section 23: N $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$

Section 24: W $\frac{1}{2}$ SW $\frac{1}{4}$ and SE $\frac{1}{4}$ SW $\frac{1}{4}$ EXCEPTING
THEREFROM the North 3 rods and the East 2 rods.

SUBJECT TO: Those Exceptions listed on
Exhibit A attached hereto and made a part
hereof by reference.

TOGETHER with all and singular the tenements,
hereditaments and appurtenances thereunto belonging or in

RECEIVED

MAR 06 1996

anywise appertaining, the reversion and reversions, remainder and remainders, rents, issues and profits thereof, and all estate, right, title and interest in and to said property as well in law as in equity of the Grantor, and any and all water rights, including but not limited to water rights evidenced by water identification number A43-02461, and A43-02327.

TO HAVE AND TO HOLD, all and singular the above-mentioned and described premises, together with appurtenances unto the Grantee and to the heirs and assigns of Grantee forever.

The Grantor shall and will warrant and by these presents will forever defend the said premises in the quiet and peaceable possession of the Grantee, and the heirs and assigns of Grantee against all and every person and persons whomsoever lawfully claiming the same, except as aforesaid.

IN WITNESS WHEREOF, the Grantor has executed this Deed the day and year first above written.

Elsil Ivan Darrington

Regarding:

Contact:

Claims of Reid Stewart

Reid Stewart and Don Barnett

Regarding the claims appurtenant to property he purchased from Ivan Darrington and Gary Crooks:

I read the chronology of the three claims on the Darrington and Crooks properties which are interrelated. I gave them a copy of the narrative and a copy of the GPS'd wells imported and presented in ArcView.

In regard to my mentioning that Darrington was supposed to abandon the wells in the west at the greenhouse site when he drilled the well in the SESESE Sec 23, Stewart said that that was the only well he used for irrigation. He said that the hot well that was flowing was too hot to touch let alone irrigate with. I told him that as far as I could tell he had a right to .04 cfs for heating and secondary irrigation of 1 acre from the hot well.

He also said that the controlled well with a grain silo over it could have been drilled by the Government Geothermal project, as they put grain silos over their wells just like that. (Perhaps our identification of the wells and the years they were drilled is not totally correct).

It is possible that the artesian hot well should be controlled, as there is no year round use occurring which would warrant it. Perhaps at one time Darrington used it for stockwater based upon historical domestic use at the old house then greenhouses, but that no longer seems to apply.

Stewart also mentioned that he is irrigating acres in the NESE and SESE of Section 23 that do not appear irrigated in the 1987 photos. Don Barnett agreed with me that if he desires to continue irrigating there he will have to file a transfer and dry up other acres. Perhaps pivot corners from the pivots he put in this year.

I also requested that Stewart file a change of ownership form and provide the deed so that we could get the Crooks claim into his name alone.

CHRONOLOGY OF EVENTS

CERTAIN WATER RIGHTS APPURTENTENT TO SESE SEC 23

AND SW ¼ SECTION 24 T15S, R26E

43-02327, 43-02461, 43-04095

10-18-1928 2.0 cfs of water from Raft River, priority date 1884, is decreed to Orlando Bateman, for use on the SESE Section 23 and S½SW and NWSW of Section 24. Decree No 43-00046.

11-5-1948 Alvin Newbold applies for a permit (43-2327) to develop 1.5 cfs of groundwater for use on 150 acres on the same tracts identified above, stating that the water is to supplement the existing water right, which is inadequate and undependable. He also lists *culinary* uses in the application.

9-12-1949 Well is drilled in the SWSESE Section 23 which is 540 ft deep, artesian, and approximately 200 degrees F.

7-9-1952 Department field examiner finds 80 acres irrigated in the NWSW & S½SW section 24, using existing ditches that are also used to carry Raft River water. He also finds ¾" diversion pipe running 75 feet to a small house and chicken coop. The total discharge measured is 0.205 cfs. and the temperature of the water is measured at 184 degrees F.

6-21-1957 Floyd Knight conveys 10 acres to J.B. Erickson along with rights to use the Hot Well located "above" the described premises. Erickson grants Knight an easement for ingress and egress to a new cold water well to be drilled "above" described premises, and the right to divert water. The 10 acres conveyed includes the location of the three wells situated in the SWSESE Section 23 mentioned in this chronicle. It would also seem to include the small house and chicken coop located within 75' of the hot well drilled in 1949.

8-2-1957 Alvin Newbold files application for permit to develop 1.5 cfs of groundwater for use on 160 acres located in the SESE Section 23, S½SW and NWSW Section 24. He states that the new well will be within 50 feet of the present hot well, which is too hot to irrigate with. His intention is to get cold water to mix with the hot water for irrigation.

2-24-1958 Well is drilled for Alvin Newbold in section 23. Well is 240 feet deep and water temp is reported to be 80 degrees F.

12-5-1961 Document from Knight to Erickson confirming Erickson's right to use water from "the Hot Well located at the property at Bridge Idaho" for heating in the operation of his project.

6-20-1963 Department field examiner finds 75 acres irrigated and a capacity of 1.56 cfs at the new well drilled for Newbold in 1958. Temperature is measured at 84 degrees F. He documents the 540 ft. hot well approximately 75 feet southwest, and that approximately 2" of water from the hot well is used as heat in the house at the site, and waste water from the house is put into the ditch and conveyed to the lands irrigated. The cold water well is reported to be 240 feet deep and equipped with a 15 hp motor. Alvin Newbold accompanies the field examiner.

6-29-1966 Ivan Darrington drills *replacement* irrigation well in the SESESE Section 23 to fulfill diversions under license 43-2327 and -2461. Well is 260 feet deep and 120 degrees F. He states in a letter to the Department that the existing wells quit producing and that the new well produces 80 inches of water.

?-?-1969 Paul Crooks drills new well in SESESE Section 23. According to the log, this well has a 10 inch casing.

?-?-1978 ASCS Aerial photos show a number of greenhouses on the 10 acre parcel that were not evident in either the 1962 or 1968 photos.

1-4-1980 Paul Crooks files a Stat claim in the name of Town and Country Gardens for 1.71 cfs of groundwater for the heating of greenhouses located in the SESE Section 23. He states that the same water is also used for irrigation and licensed as 43-02327 and 43-02461.

5-31-1989 Ivan Darrington files Adjudication claims for 1.71 cfs of groundwater based upon licenses 43-02327 and 43-02461.

there is
1971 per
R. Sturges

7-3-89 Gary Crooks files Adjudication claim for 1.71 cfs for heating based upon Stat claim 43-04095. He adds domestic and irrigation of 1 acre to the uses.

2-1996 Reid Stewart purchases property in Sec 23 and 24 from Darrington

1-6-1997 Reid Stewart purchases property in Sec 23 from Crooks.

6-21-2000 Department personnel visit site in SWSESE to verify uses. They find no current use of the water for heating, domestic or irrigation. All buildings have been removed. They find three wells in the SWSESE Section 23: two geothermal, one cold. The geothermal well determined to be the one drilled in 1948 was flowing approximately 10 to 20 gpm at the time of the exam. A newer geothermal well was valved; it was undetermined whether it was artesian or equipped with a pump. The cold water well, determined to be the one drilled in 1958, had a 15 hp motor but was disconnected from power. They also find one well located in the SESESE Section 23.

Licenses 43-2327 and 43-2461 = 1.71 cfs

Included in these licenses is reportedly .21 cfs of hot water.

Statutory claim 43-4095 represents the use of water for heating. This use was documented to have been occurring during the field exam for license 43-2327 in 1952. In 1963, during the field exam for license 43-2461, the water used for heating was measured at .04 cfs, at which time the wastewater from heating was used for irrigation.

RECOMMENDATIONS:

License 43-2327 = 0.21 cfs for the irrigation of 80 acres

License 43-2461 = 1.51 cfs for the irrigation of 75 acres

BU Claim 43-4095 = .04 cfs for heat, irrigation of 1 acre, and domestic

LIMITED TO: 1.71 cfs

80 acres

Hancock, Vikie

From: King, Scott
Sent: Friday, September 08, 2000 4:23 PM
To: Hancock, Vikie
Subject: A43-04095 (Crook), A43-02327, -02461 (Stewart)

Hi Vikie,

I associated my GPS points for the 4 wells in this qq with the above water right recommendations. I don't how they will be recommended, so these associations may not be correct; they can be deleted and adjusted as needed. It seems that A43-04095 is a duplicate claim of the other two (2327 & 2461), and therefore probably invalid. In any case, recommendation for A43-04095 now depicts the three wells in the SW corner as it appears that Crook claimed all three of these wells.

A43-02327 depicts the old original geothermal well in the SW corner that is described by the license file in the vault (the southern most sw well shown below). This is also one of the wells claimed by -04095. Perhaps it should instead depict the well in the SE corner since it was supposed to be the replacement well. The point can easily be moved if so.

A43-02461 shows the irrigation well in the SE corner. Although the vault file indicates that the original well for this right was the 15-hp well (most northerly in the SW corner), it was replaced by the SE corner well because the SW corner wells lost production. (The SE corner wells were supposed to be abandoned).

RE: Permit G-20726 and
G-27029

Mr. Ivan Darrington
Almo, Idaho

Dear Mr. Darrington:

We have your letter of June 27, 1966, in which you request authority to drill a new well under Permits G-20726 and G-27029. Our records show that licenses were issued on Permit G-20726 for .21 c.f.s. (10 1/2 inches) and on Permit G-27029 for 1.5 c.f.s. (75 inches). Therefore, you would be entitled to drill a new well or make repairs on the existing wells to obtain this amount.

If the new well is to be drilled in the SE 1/4, Section 23, T 15 S., R 26 E., S. 4 N., you would require no further approval from this office. However, if the new well is to be at some other location you will have to ask for a transfer. Forms for this will be supplied upon request.

In any event you should understand that your rights are limited to a total of 1.71 c.f.s., (85 1/2 inches) and if the new well produces this amount the old wells which are abandoned, should be filled in and permanently plugged.

Very truly yours,

R. KEITH HIGGINSON, Deputy
State Reclamation Engineer

RKH:ajw

27029

Almo Idaho
April 10-1967

State Reclamation Engineer,
Dear Sir,

In response to your letter of last week concerning a permit for an irrigation well drilled last July & August - I call your attention to a letter written by me to your office on June 27-1966 and a reply to me on June 28-1966 listing permits H-20721 and H-2702 granted to Alvin Newbold Bridge Idaho.

The New hole is in the same 40 acres and the test shows 80 in. of water at 90 ft.

Thank you for your interest and hoping this clears up your questions,

Very Truly Yours
Ivan Harrington
Almo, Idaho.

License and Certificate of Water Right

Water License No. 20726

Amount 0.21 second foot

Water District No. _____

Priority July 26, 1949

THIS IS TO CERTIFY that ALVIN KENNEL
of Bridge, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated November 1, 1948; that Permit No. 20726
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.21 second foot, was issued thereunder on May 27, 1951, showing that said works
were completed on the 17th day of April, 1951; and that on the 1st
day of August, 1951.

ALVIN KENNEL
of Bridge, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
subterranean flow for the purpose of irrigation and culinary
use, under Use Permit No. 20726 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5017, on the 4th day of November, 1952;
The right hereby confirmed dates from July 26, 1949;

The Point of Diversion is located
in the SE 1/4 SE 1/4 Sec. 25, Tp. 15 S., R. 26 E., B. M. Cassia County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.21 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Parties Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
15 S.	26 E.	24	NW 1/4	40	4
			SW 1/4	40	34
			SE 1/4	40	36
			SW 1/4	40	4
		25			
Number of Acres Actually Irrigated -					80

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
4th day of November, 1952.

21 of 2
- 21.12.12

57.10.12
11.11.12

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20726

This proof is for Beneficial use In Water District No. _____

1. Name of applicant Alvin Newbold, Bridge, Idaho
2. Source of water supply: Subterranean from an artesian well
3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 23
T. 15 S. R. 26 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: This is a flowing hot water drilled well 540' deep and 16" diameter. Casing 150'x 16". Two 50 gal. oil drums set on end with ends removed form a stand pipe 4' above the ground level. Overflow built into the stand pipe flows toward the south into shallow open pool that surrounds the well. A 3/4" pipe taps water at the bottom of the stand pipe and takes it to a small house and chicken house. Length of the 3/4" pipe is approx. 75'. Ditch with a 1' cipolletti installed runs 30' to south into existing ditch from pool around the well.

5. Water is used for: Irrigation and domestic purposes.

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NW $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 24, Twp. 15 South, Range 26 East, B. M.

(SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 23, in permit, and notice, but not in proof)

See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Existing ditches are for water from Raft River. Crops: hay, potatoes, and grain. Water is 184° F. and is too hot to use in the immediate vicinity of the well for irrigation.

This examination was made on the 9th day of July, 1952

(Signed)

Alfred H. Larson
Examiner.

20726

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28364
PERMIT No. 20726
DISTRICT No.

1. Name of Applicant: ALVIN NEWBOLD

Postoffice address: Bridge

County: Cassia

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(b) Treasury stock:

(d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: 150 inches or 3

cubic feet per second.

3. Source of water supply: Subterranean (well)

which is a tributary of

4. Location of point of diversion:

feet distant from the

corner of Section , T. , R. , B.M., and is in the Southwest corner of the SE $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 23 , T. 15 S. , R. 26 E. , B.M., County of Cassia

5. Water is to be used for Irrigation and culinary purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water:

feet distant from

corner of Section

T. , R. , B.M., in the

of Section

, T. , R. , B.M.

(b) Amount of power generated:

H.P., under

feet head.

(c) Water is to be returned to

at a point

feet

distant from the

corner of Section

, T.

, R.

, B.M., in the

of Section

, T.

, R.

, B.M.

7. Estimated cost of works: \$9,000.00

8. Kind of works: Well, pump and ditches

9. Height of dam

feet; length of dam at top

feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width

feet; height

feet.

11. Ditch: Width at bottom 2

feet; width at water line 4

feet; depth of water 1 $\frac{1}{2}$

feet;

dimensions of flume: 2' X 1 $\frac{1}{2}$ ' X 40'

Diameter of pipe

inches; length of conduit

miles.

Average grade per mile

feet.

12. The time required for the completion of such work is Two (2) years.

13. The time required for the complete application of the water to the proposed use is

No

additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 100 inches Raft River
April 30, 1884

16. (a) Is reservoir to be used? No . If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

ALVIN NEWBOLD

Applicant.

Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. November 1, 1948

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 20726

Recorded in Book 74 Page 20726 Approved November 5, 1948

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before January 5, 1949 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before November 5, 1949

The whole of said work to be completed on or before November 5, 1950

Beneficial use of water appropriated in accordance herewith, to be made on or before November 5, 1950

WITNESS My hand this 5th day of November, 1948

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, WE, C. A. ROBINS, Governor of the State of Idaho,
and J. H. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 5th

day of November, 1948

STATE OF IDAHO

Countersigned:

By..... C. A. ROBINS

Governor.

By J. D. "CY" PRICE

.....
Secretary of State.

REMARKS: The water to be appropriated is to supplement the existing water right, which is inadequate and undependable.

STATE OF IDAHO DEPARTMENT OF RECLAMATION																			
IN the Matter of the Reinstatement of) Permit No. 20726 Under the Provisions) of Section 42-311 Idaho Code) ORDER REINSTATING PERMIT																			
WHEREAS, Permit No. 20726 lapsed through failure of the holder to make proof of completion of the works of diversion within the time specified in the Permit; to-wit: November 5, 1950; and, WHEREAS, On the 12th day of February, 1951, notice to show cause why said permit should not be canceled, under the provisions of Section 5594, Compiled Statutes of Idaho, was duly served on the holder of said permit; and, WHEREAS, On the 4th day of April, 1951, the holder filed notice of appearance to offer proof to show that the works of diversion under said permit were fully completed within the time required; and, WHEREAS, On the 28th day of May, 1951, depositions of the holder and two witnesses were received at the Department of Reclamation showing that the said works of diversion were completed within the time required in the permit; and WHEREAS, After examination of the said depositions, the State Reclamation Engineer of the State of Idaho, is satisfied that the works of diversion were completed as required under the terms of said Permit No. 20726, and that the holder has acted in good faith;																			
IT IS, THEREFORE, Hereby Ordered that said Permit No. 20726 be, and the same is, hereby reinstated, and that certificate of completion of works be issued to the applicant herein.																			
IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of this Department, at Boise, Idaho, this 29th day of May, 1951.																			
(SEAL)																		MARK R. KULP State Reclamation Engineer

COMMUNICATION DOCUMENTATION

Claim No. A43-02327

This form is to be used to document public record information requests regarding any SRBA claim or claims. The form may also be used to document IDWR communications requesting information regarding any SRBA claim or claims when the request is not made in writing or the claim verification report is not readily available to document the request. This form is to be filed in all relevant claim files or a central office file.

IDWR Employee/Agent Steve Clelland *Sw*

October 24, 1994 11-11:30 AM

NAME:
DON BARNETT

801-292-4662

RE:
CLAIMS REVIEW/SEARCH

HE REPRESENTS 'BARNETT INTERMOUNTAIN WATER' AND WAS ASKING ABOUT IVAN DARRINGTON CLAIMS & PROPERTY. HE ASKED ABOUT THREE CLAIMS THAT MAY OR MAY NOT BE IN THE SRBA: A43-02461 & A43-02327 WERE FOUND BUT, 43-04097 & 43-00046 WERE NOT CLAIMED. WE DISCUSSED THE RIGHT 43-00047 BUT FOUND IT WAS NOT THE POU THEY ARE LOOKING TO BUY.

REED STEWART IS LOOKING AT THIS LAND W/ BARNETT'S HELP; HE ASKED SEVERAL QUESTIONS ON PRIORITY OF THE RAFT RIVER SYSTEM AND I EXPLAINED THE WATERMASTER DELIVERS BASED ON THE OLD JOBE ADAMS DECREE BUT THE CURRENT SRBA IS UPDATING THAT LISTING. SUGGESTED HE TALK WITH THE WATERMASTER TO GET THE DELIVERY LISTING USED AND THE RECORDS OF THE RIGHTS UNCLAIMED BY DARRINGTON.

SENDING OUT CLAIM FORMS & INSTRUCTIONS, EXTENSION REQUEST FOR LATE CLAIMS, RAFT RIVER SOURCE LISTING FROM SRBA DATA BASE, AND COPY OF THE 43-04097 STATUTORY CLAIM FILE.

HE ASKED ABOUT THE TIME TABLES INVOLVED IN THE SRBA AND I TOLD HIM WE HAVE BEGUN THE FIELD EXAMS FOR THE BASIN IN SUMMER OF 1994 AND WILL CONTINUE INTO SUMMER OF 1995. SUGGESTED HE GET LATE CLAIMS IN ASAP AND HE MAY NEED TO FILE EXTENSION REQUEST.
