RE: EVIDENCE OF PRIORITY

Dear Mr. Woods:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River Basin Adjudication (SBRA). The Notice indicates the water usage is based on expansion (irrigation of additional acres) of an existing licensed or unadjudicated right. Water rights of this type are established by the historical use of water, dating back to when the expansion occurred. The expansion date for your claim has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the date of expansion (Item #2).

For your reference I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May be Evidence of the Priority Date"**.

It is our goal to recommend this historical water right within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. **But, the Department will not recommend the Notice be decreed by the court if no evidence of priority date is submitted.**

Please submit the required evidence supporting the priority date by **July 25, 1991**, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

MICROFILMED

DEC 10 1992

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. Every effort should be made to submit this information within 30 days of the date of letter.

Respectfully submitted,

Eric Verner
Senior Water Agent
