

Memorandum

To: Claim 35-13002
From: Ernie Carlsen *ENC.*
Date: December 13, 2000
RE: Telecon with Claimant

Today I spoke with Mr. Boyd Christensen concerning his claims we had previously rejected because of insufficient fees. He contacted this office a few days ago wanting to know the status of these claims. Research revealed he had paid the requested filing fee in 1998 but the agent reviewing his claims was never notified and consequently the claims were not recommended.

During our conversation Mr. Christensen explained that the water for livestock drinking under 35-13002 comes from his irrigation well and is only available when the well is in operation during the irrigation season. None of the water is actually used in the dairy operation or for domestic purposes. Partial decree 35-12921 covers the use of water in homes and dairy. He has a total of 300 dairy cows.

The recommendation for this claim should be limited to stockwater during the irrigation season.

Since he paid \$70.00 for the claim, N13 should not be used.

RE: WATER RIGHTS 35-02189A, 35-07533, 35-13002

Dear Mr. Christensen:

I am writing to let you know the window of opportunity for filing claims to the above-referenced water rights in the Snake River Basin Adjudication (SRBA) is getting shorter.

The water right claims for the area where your property is located are currently being examined by this office and are scheduled for initial reporting in the SRBA in June. Prompt action by you is necessary to get your water rights included in the June report.

The SRBA Court has indicated that failure to claim water rights in the SRBA will eventually result in the loss of the unclaimed water rights.

Feel free to schedule an appointment if you want assistance in filing the claims.

Respectfully submitted,

Ernest Carlsen *gt*
