RE: Water Right Claim Returned

Dear Mr. Barclay:

The Idaho Department of Water Resources (IDWR) is returning your check #948 (\$200.00) and Notices of Claim to a Water Right because of insufficient information and fees. All items on the claim forms must be correctly completed and fees submitted before the IDWR can process the claims.

Please correct the items identified below and return the forms to the IDWR within 30 days of the date of this letter. Failure to return the corrected claim within the 30-day period may result in an assessment of an additional \$50.00 late-fee for each claim.

Domestic Notices of Claim

- Item #2: The day and month water was first used must be entered. If you do not know the precise date, you must estimate the day and month, or apply the last day of the year, i.e. December 31, 1925.
- Items #4 and #10: The location of the well and place of use must be defined to at least the 1/4 of 1/4 Section (40-acre tract). If you do not know the precise legal description, you may enclose a map illustrating the locations.

Irrigation Notice of Claim

- A separate Notice of Claim must be completed for each water right (priority date). The acreage and amount not listed on License G-27253 (35-2525) must be claimed on a separate form. The priority date for the additional Notice of Claim should be the date the acreage and amount were expanded.
- Item #2: The priority date for License G-27253 (35-2525) is February 12, 1958 (see attached copy).

MICROFILMED

DEC 11 1992

- Item #6: The licensed amount is 2.36 cfs.
- Item #8: The correct consumptive use can be calculated by multiplying the total acreage claimed in Item #10 by 3.
- Item #10: The licensed acreage is 118 acres.

The filing fee for each domestic/stock claim is \$25.00. The filing fee for each irrigation claim is \$50.00 plus \$1.00 per acre. If you have any questions, please call Tony Olenichak, Water Rights Agent, at (208)-525-7161.

Sincerely,

Tony Olenichak

RE: EVIDENCE OF PRIORITY/A35-12248

Dear Mr. Barclay:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known at the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference, I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. **But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.**

Please submit the required evidence supporting the priority date by **February 6, 1992**, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. Every effort should be made to submit this information within 30 days of the date of this letter.

RE: EVIDENCE OF PRIORITY ON EXPANSION OF LICENSE

Dear Mr. Barclay:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River basin Adjudication (SRBA). The Notice indicates the water usage is based on expansion (irrigation of additional acres) of an existing licensed or unadjudicated right. Water rights of this type are established by the historical use of water, dating back to when the expansion occurred. The expansion date for your claim has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the date of expansion (Item #2).

For your reference I have provided a print out of your Notice and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May be Evidence of the Priority Date".

It is our goal to recommend this historical water right within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notice be decreed by the court if no evidence of priority date is submitted.

Please submit the required evidence supporting the priority date by SEPTEMBER 18, 1992, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.
