Dear Mr. Knoblock:

My wife and I own lots 13 and 14 of Webb's East Point. We've reviewed your letter and can find no basis for your claims of a home on this lot in 1950. When we purchased this property in August of 1980, there was one small *NON-PLUMBED* building, which the prior owners (Lottman) had built 15 years prior. The square footage of this *SMALL* building was approximately 200 square feet and used only seasonally and had *NO WATER*. After our acquisition of the property, we continued to carry water with us from Spokane for our seasonal use of the property. Still *NO WATER*! It was not until we began building something larger, in 1994, that we added a water line for usage.

There were *NO OTHER PRIOR BUILDINGS ON THIS PARCEL*. We submit that our claim *IS NOT* incorrect as stated in your letter. Our claim is correct as originally submitted.

Thank you for correcting your records and we hereby return the returned documents.

Sincerely,

Lawrence A. Wright & Mary L Wright
