RE: Snake River Basin Adjudication
Claims #A43-00191A, #A43-02416 - Cassia

Dear Mr. Willett:

We are forwarding to you data entered copies of the claims you filed for your property in Cassia County. During review of the claims it was noted that item #8 was blank on all both claims. For your legal description the Department recommends 2.5 acre feet per annum. You are claiming 100 acres on claim A43-00191A and 80 acres on claim A43-02416 and, therefore your consumptive use would be 250 and 200 acre feet per annum respectively. If this agrees with your actual usage please keep these copies of your claims in your files. However if this does not agree with your actual usage, please correct the amount and explain at Item #14, "Remarks". Then sign each claim you change, have your signature notarized and return the claim(s) as "Amended" to this office.

Do not hesitate to contact this office if you have any questions or concerns.

Revised Recommendation :

A43-04111

After receiving my letter advising them of how I was inclined to recommend this right (only 40 as B.U. and the rest as expansion and no more water or volume), the Willetts came into the office on Feb. 28, 2001. They told me that Jolee had moved onto that place with his parents in 1958 and that's when the pump was put on the well in the NW SW of Section 32. He said it's still the same pump on there now. Scott King's notes indicated that that well could be recommended for 4.25 cfs.

Since it was licensed under 43-02395 for 2.9 cfs, that left 1.35 cfs available capacity. They also said that they may not have farmed their 160 acres but they always put water on the whole 160 when they could and used it as pasture. I decided it was pretty hard to tell from the aerial photos conclusively that the ground wasn't irrigated. Since GIS showed a total of 363 irrigated acres in 1987, and 225 acres were licensed, I could recommend the remaining 138 acres as a beneficial use right with the available water from Scott's computations of 1.35 cfs and volume of 552 AF (138×4) and the claimed priority date of 8/1/1958.
