RE: Snake River Basin Adjudication (SRBA)

Dear Claimants:

I am reviewing the claims you filed in the SRBA, and I have found that your claims to water from the Raft River appear to be for lesser amounts than are appurtenant to your land. I have enclosed amended claims that reflect the amount of water that my calculations show you are entitled. I have also split two of your claims, 43-10381 and 43-10387, into five claims because of the differences in the seasons of use of the water rights that were combined to make these claims. The new claim numbers are 43-12961, 43-12962, 43-12963, 43-12964 and 43-12965.

I have also added a remark that would allow you to use these rights within a permissible place of use. This can be useful in that it generally more accurately reflects the way water is applied when a number of water rights are used in combination with each other. If you do not wish to have these rights recommended as a permissible place of use, please line through the remark that describes the number of acres the right is for within the North 1/2 and SW 1/4 of Section 17 and the NW 1/4 of Section, Township 14 South, Range 27 East.

Additionally, I have enclosed amended claims for your ground water rights that will allow them to be recommended as a permissible place of use. If you do not want these rights recommended with a permissible place of use, do not sign and return these claims.

Any claims you do wish to amend, should be signed, notarized and returned to me or our Southern Region Office in Twin Falls as soon as possible. We are hoping to start printing preliminary recommendations for Basin 43 (the Raft River Drainage) on March 12, 2001.

If you have any questions, please contact me at (208) 327-7939.

Sincerely,
