RESPONSE DEADLINE
September 9, 2005

Re: Field Examination and Evidence of Priority, Snake River Basin Adjudication Claim Number 3-4004.

Dear Claimant(s):

The Notice of Claim to a Water Right (claim) identified with the number shown above your name has been filed in the Snake River Basin Adjudication (SRBA). The claim indicates your water usage is based on "Beneficial Use" or a "Statutory Claim." Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights.

The elements of beneficial use rights need to be verified by an examiner from the Idaho Department of Water Resources (IDWR) before the claim can be recommended to the SRBA Court. The examination of claims in your area is taking place during the summer of 2005. An examiner will be contacting you to schedule a visit to your property and verify the elements of the water right you have claimed.

Even though most of the elements of your claim can be verified by the field exam, the date of first use, or priority date, can only be verified by documentation of the historic use. If you have not supplied documentation for the priority date and historical beneficial use of the water, please submit your evidence by September 9, 2005. Enclosed you will find a pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. Also enclosed is a copy of your claim.

PLEASE NOTE: IDWR will recommend the SRBA Court decree the claim disallowed if the priority date and the historic use cannot be documented. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statements should be in the form of notarized affidavits.

If you no longer own the property to which the claim is appurtenant please forward this correspondence to the present owner, or return it to IDWR. If you have received this correspondence from the previous owner of the property please note that you are required to file a Change of Ownership with IDWR in order to receive future mailings and to participate in the adjudication.

If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. Our toll free number is 1-800-451-4129. It will help speed things along if you have your claim number, 3-4004, handy when you call. Should you choose to submit priority evidence in other than the envelope provided, please also include "ATTN: SRBA Claim Number 3-4004" on the front of the mailer.

Sincerely,

Misty Mount

Dear Claimant:

The Notice of Claim to a Water Right (claim) identified with the number shown above your name has been filed in the Snake River Basin Adjudication (SRBA). In this claim you have identified your diversion rate as 0.8 cfs. For your claimed number of acres this diversion rate is higher than can be recommended under normal circumstances. Typically the maximum diversion for a water right in the State of Idaho is 1 miners inch or 0.02 cfs per acre. For your water right this would be 0.4 cfs.

In order to justify your claimed diversion rate, an irrigation diversion rate analysis needs to be performed on your fields. This analysis has been designed to evaluate irrigation practices in order to determine if there is need for greater diversion rates than normal. Your answers to the enclosed questionnaire will enable IDWR to perform the analysis, thereby determining if your soil type and irrigation practices merit the use of more water than would normally be recommended.

Instructions for answering the questionnaire are included on the first page. Please note that the Natural Resources Conservation Service (formerly known as the Soil Conservation Service) and other professionals may be of assistance in helping you understand the technical questions contained in this form.

The results of the irrigation diversion rate analysis are important in recommending your water right as claimed, therefore, completing and submitting this information is a matter of urgency. Please submit the enclosed questionnaire to IDWR no later than September 25, 2005.

If you have questions regarding your water right, please contact this office. Our toll free number is 1-800-451-4129. It will help speed things along if you have your claim number, 3-4004, handy when you call.

Sincerely,

Misty Mount
