43-4195, 43-4202, & 43-10426

Dear Vic,

Enclosed are your copies of the amended claims you recently submitted. I have made my recommendations accordingly, reflecting the information we agreed upon in our meetings, which precipitated these amendments. I probably should not have included 43-4195 and 43-4202 in these amendments. They were a part of our original plan, which we later ended up changing, and reflected **beneficial use claims connected to a particular license** due to the government lot issue. I have recommended these two for disallowal, recognizing that **all the beneficial acres will now be recommended in 43-10426.**

I am also including a color layout of the property as will be recommended in the upcoming Director's Report, since you didn't receive one in our preliminary mailing.

Please feel free to call if you have any questions.

Sincerely,

Jeanie Robertson

Re: Recommendations

Kelly Christensen and myself met with Vic Conrad, representative for Simplot, several times, trying to answer questions we had about these claims. There are five licenses, two statutory claims and one beneficial use claim associated with this property. We had originally planned to recommend the two statutory claims as beneficial use rights developed at the same time as licenses but not licensed due to government lot issues. 43-4195 was to be associated with license 43-2547 for an extra 31 acres, and 43-4202 was to be associated with license 43-2522 for an extra 30.5 acres. We then opted to include all the beneficial use acres under one right, 43-10426. This amounted to 118.2 acres. There were various amounts of water measured during field exams for the licenses but were not included in the licenses because of either original permit or acre limitations. A total system capacity of 3.78 cfs was available, which allowed a claim and recommendation of 2.36 cfs, an inch per acre for the 118.2 acres. We then disallowed the two statutory claims 43-4195 and 43-4202 and recommended them as 43-10426. A total of 1379 acres appeared to be irrigated in the 1987 aerial photos. The licenses and beneficial use right (43-10426) totaled 1146 acres. Simplot declined to file an expansion claim for the extra acres and decided to just be limited to the 1146 acres within the 1379 acre ppu. The rights are all recommended to the 1379 acre ppu, with their own acre limitations and within a total of 1146 acres in any given year.
