II. STATEMENT OF THE RESPONSE

1. ☒ Name and Address: I respond to the objection concerning the name and/or address of the owner of the water right.

REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection item 1 and all allegations of the objection regarding this item, IDWR responds as follows.

This is a dispute over the ownership of a water right between the owner of the place of use (the United States) and the holder of a federal grazing permit to these lands (the objector). Generally, in landlord/tenant type disputes over the ownership of a water right based on appropriation, the water right is presumed to be owned by the owner of the place of use unless a mutual intent to the contrary is clearly shown. As to this water right, the objector did not file a notice of claim claiming the stockwater use recommended in this claim, and IDWR does not have information sufficient to overcome the presumption. IDWR therefore denies the objection and all allegations of the objection not expressly admitted herein.

CHANGES TO THE DIRECTOR'S REPORT
