RE: 91-7077

We are returning your Notice of Claim. Your basis of the claim is a Water Right License (91-7077). The date of priority for the claim should be the same as the license, which would be June 22, 1983. You list irrigation as the use. The filing fee is \$50 plus \$1 per acre of irrigation. The license listed 1 acre so the fee is \$51. If your irrigation is less than ½ acre (104 feet by 104 feet) and is associated with a household then it can be a domestic use with a filing fee of \$25. If you are in agreement with this, then change item 2 (Date of Priority) to June 22, 1983 and change irrigation in item 6 to domestic from 3/15 to 11/15 amount 0.03 cfs. Please return the claim to our office.

If you want to submit a claim for 1 acre of irrigation then we need another \$26.

Sincerely,

The filing fee for 1 acre of irrigation is \$51. We have received \$25, so the balance due is \$26. Would you please send us a check in that amount?

Thank you,
