RE: Notices of Error

Dear Tony,

I think we pretty much discussed your questions and concerns regarding the Notices of Error on your Preliminary Director's Report Recommendations for all the **Preston Allen water rights** when you were in the office the other day.

I did promise to look over the acre question (2165 or 2147) one last time and get back to you. I went through Transfer #2651 again and all I can say is that it looks like there was a clerical error in the **addition** when the transfer was prepared. Mr. Chapman took all the rights at their face value and combined them into a **permissible place of use**. The individual rights add up to 2147 acres and 37.99 cfs, not 2165 acres and 38.86 cfs as he came up with. A transfer cannot enlarge rights and that is what would be happening if we allowed the 2165 acres and 38.86 cfs. The best I can do is to allow you 2147 acres within a 2165 acre permissible place of use.

Please let me know if that is what you desire before we send out the Director's Report in a month or so. Give me a call if you'd like a copy of the transfer to review or if you'd like to set up another appointment.

Sincerely,

Jeanie Robertson
Sr. Water Resource Agent
