Yes, you are right; it should have said part E. If this is something you can fix in your recommendation, I say go for it! That would be much easier than us having to issue an amended transfer as another preliminary order. If I have to do that, I can, but if you can do it in the recommendation, that would be much easier.

Let me know if you feel we need to do an amended transfer here.

Subject: Transfer "666"46...

These truly are the transfers from hell! Anyway, I think there **may** an error in Condition W35 on rights 43-4022C, 43-4023C and 43-4024E. These are the three Stockwater portions and this condition has 43-4024**D** in the combined limit but I think it should be 43-4024**E**. Do you agree? I was planning on fixing this in the recommendation, but wondered what the process for you guys would be, providing I'm right, that is... Thanks, Jeanie
