II. STATEMENT OF THE RESPONSE

4. ☒ Priority Date: I respond to the objection concerning the priority date.

REASONS SUPPORTING EACH BOX CHECKED

In response to Statement of the Objection item 4, and all allegations of the objection regarding this item, IDWR responds as follows.

The priority date recommended is the same as the priority date claimed. The United States improperly seeks to use the objection process to amend its notice of claim. IDWR believes that a claimant must obtain leave of court to amend a notice of claim after the director's report is filed, just as a party must obtain leave of court to file a late claim after the director's report is filed.

If leave to amend is granted, IDWR further responds as follows. The priority date recommended is the same as the priority date shown on the statutory claim filed with IDWR by the United States pursuant to Idaho Code section 42-242 et seq. In addition, rights to the use of surface water from the Big Lost River and tributaries were adjudicated in Utah Construction Co. v. Abbott, Equity No. 222 (D.E.Id. 1923); the source of water for this right was adjudicated in that case; and the United States was a party to that case. The United States is therefore

precluded by the doctrine of res judicata from asserting a beneficial use priority prior to the determination of rights in that case. IDWR denies the objection and any allegations of the objection not expressly admitted herein.

CHANGES TO THE DIRECTOR'S REPORT

The director proposes no changes to the description of this claim in the Director's Report.
