SPLIT RIGHT CALCULATIONS

All claims are based upon the identical 1441 irrigated acres included in each of the "C" extension claims.

All splits are for the same 124 acres from each claim. Only the diversion rates vary from one claim to another, therefore one base proportional calculation will apply to all claims.

All original claims have the same "C" extension and as another owner of a different system (originally split from the water right "B" extension rights) has claimed his portion under some of the "D" extension.

This split will separate all "C" extension claims into two parts, one with an "E" extension to be owned by Cleft of Rock Farms and the other with a "F" extension to be owned by Neibaur.

(note: there will be some of the claim numbers with no "D" extension claims filed)

PROPORTIONATE SHARE CALCULATIONS

Acres to be split = 124
Base acres = 1,441

for "E" extension claims $\frac{124}{1,441} = 0.08605$

for "F" extension claims $\frac{1,317}{1,441} = 0.9139$

RE: Evidence of Priority

RESPONSE DEADLINE
FEBRUARY 3, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date**, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date"**.

Please submit the required evidence supporting the priority date(s) by **February 3, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

Ken Woodworth phoned and indicated that the proof of priority for these rights was submitted with the original statutory claim. I reviewed the files and found numerous affidavits on the micro-film supporting the priorities. I told him the information on file was sufficient.

He indicated he also filed A43-10645 and would put the information together for this expansion claim.
