Re: 91-7684 & 91-7685

We are returning your Notice of Claims. The date of priority is listed as June 1, 1994. When a new diversion of surface water is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property. If the priority date of your claims are incorrect then you can correct the dates and return the claims to our office. If the use of water was started after May 20, 1971, then an application for a permit to use the water needs to be filed.

Sincerely,

Kenneth Knoblock
Water Right Supervisor

Feb. 8, 2012

Dear Ken Knoblock,
I am returning the notice of claims with a new date of priority listed. Theodore Mueller purchased this property on November 17, 1960 as documented in the Benewah County assessors office. He was a rancher and used water from the St. Joe River for livestock and irrigating lawns & gardens.
