Re: Coeur d'Alene-Spokane River Basin Adjudication Claim (CSRBA) Claim No. 91-7336

Dear Claimant:

The Idaho Department of Water Resources (IDWR) has completed initial processing of your water right Adjudication Claim. The Claim has been assigned Identification No. 91-7336. Our review of your Claim indicates that the priority date claimed is in violation of the Mandatory Permit Statute for the claimed water source.

The permit system for establishing a water right became mandatory for uses developed from surface water after May 20, 1971 (except for watering stock directly from streams). Your Claim currently combines both use of Ground Water from a well and Surface Water use beginning on January 29, 1995.

Please contact me to arrange an appointment to amend your claim and/or prepare a water right Permit application. IDWR will not be able to recommend that the CSRBA Court issue a decreed water right for your water use in the Claim's current form.

Please do not hesitate to contact me if you have any questions. I can be reached by phone at (208) 762.2816 or at the address shown above if you have any questions.

Respectfully,

Shaun M. Maxey
