Don,

Attached are shapefiles and proposed SF5 attachments for Subcases 73-142, 73-143, 73-12079 and 73-12105. The issue in each case is encroachment on BLM land. Shapefiles for 73-142, 73-143 and 73-12079 are identical.

In the case of 73-142 and 73-143, we suggest the POU be reconfigured as shown. The new POU is consistent with 73-128 et al. where it is logical; many of the related POUs have partial overlap. In each case, the resultant total is 414 acres (421 acres were claimed).

73-12105 was claimed later in time as a beneficial use claim for additional water. It was claimed to be consistent with the pending recommendation of 73-142 and 73-143: 412.4 acres. The POU is identical to the others mentioned above and is now proposed to total 414 acres. Do we need an amended claim?

73-12105 is for stockwater outside the irrigation season, but on the same POU as the irrigated acres. BLM objected to the POU and the priority date. The POU is corrected as shown on the ADR by removing BLM land from the POU description. I have contacted Fred to discuss the priority date. The priority date is the same as the irrigation right 73-133. A quick look at the recommendations reveals that Scott Whitworth received a recommendation for claim 73-134 which includes stockwater as a use, in addition to irrigation. There has been no objection to that recommendation.

It seems that Whitworth Ranches (managed by Scott's brother Jack) claimed the stockwater separately, but had they claimed it as a use under 73-133 it would have been recommended and likely not objected to! I'll take this up with Fred, but I expect we can resolve the subcase without modifying the priority date (or amend 73-133 to include stockwater).

Let me know what you think!

Roxanne Brown

Subject: RE: pester, pester, pester...Whitworth

Thanks Don! Your conditions seem reasonable, including the limit on the well. I would rather fix it now than deal with an ambiguity in the future! Please let me review the SF5s before they go to Whitworth's for signature. It makes it easier for me to answer any questions.

Have fun in Utah. I always found those conferences interesting.

Subject: RE: pester, pester, pester...Whitworth

Ta-dah. I can agree to the POU changes, however:

I would like to add to each right below "limited to x acres within the" POU above.

414 acre package for Tater Creek: 142 to 60, 143 to 100

698.4 acre package for Morgan Creek: 128 to 80, 133 to 160, 137 to 160, 138 to 80

The review opened 73-2166. The license limited the right to 348 AFY, and the SF5 should show the change. The PPOU for Morgan Creek rights have 37 acres in S19 Lot 3 NWSW whereas the DR for 73-2166 has 38. Making all the right consistent in the tract would be better and makes the total for the right 100 acres. Yes, I know 3.5 AF/acre is in the area, but the license prevails, and I am confident the well is supplemental and not a full season supply for the ground.

I can get revised recommendations going and have SF5s ready no later than week after next. I am in Utah next week for the adjudicator's conference, my last.

Thanks for the thorough help with the questions. I can see now why you questioned what was taking me so long.

Thanks so much! They are pretty straight forward (matching what we already did on Morse Creek to remove BLM land). I'm afraid if they get "stale" I won't remember what we were doing!

Subject: amended claims for signature
Attachments: 20091004161029.pdf

Ben,

Attached are several Standard Form 4 documents and associated amended claims for what I have referred to as the "lower ranch", meaning the ranch property around Troy and Billie Jo's house. Essentially, we are more correctly describing how the water has been historically used at this location (maps are attached).

Please call if you have questions. Each Standard Form 4 should be signed on Page 4. Do not sign the Certificate of Mailing on Page 5. Sign each claim where your name is shown.

I have prepared documents for the "upper ranch" (site of the two pivots near where Patterson Creek leaves the canyon). I need an additional claim number from IDWR before we can proceed with that set.

The status conference is tomorrow. Troy and I will participate by telephone. I realize we will not have the opportunity to file the documents before the hearing, but am forwarding copies to IDWR staff and the Deputy AG in charge of the subcases. This way we can best explain to the Court our progress.

Re: Snake River Basin Adjudication (SRBA)
Notice of Error Reply – Subcase No. 73-133
Claim for high flow from Tater Creek (73-12079)
Claim for high flow from Morgan Creek (73-4005)

Dear Jack,

Thank you for your response to our preliminary recommendation of the water right claim(s) captioned above. This letter is an attempt to answer your questions and address your concerns about the recommendation(s).

73-133 We have adjusted the irrigated area to clarify your actual use, based on our conversation concerning the production history of the ranch.. Our calculation indicates a total of 698.7 acres of irrigation from Morgan Creek. We also adjusted the recommendation for 73-128, 73-137 and 73-138 to match these findings.

73-4005 We are unable to recommend this claim without additional information. Since the claim is for additional water from Morgan Creek , please complete and submit the enclosed questionnaire. The information you supply describing your water delivery system and irrigation methods is essential in order for our staff to evaluate this beneficial use claim. Much of the information required is technical; you may wish to contact the Soil Conservation Service or other professionals for assistance with the form.

73-12079 I have enclosed a claim for your use Of Tater Creek high flow. Please review the claim, sign and return it for our investigation. Your signature needs to be notarized. The filing fee for this claim is \$100.00; the fee should be submitted with the claim. I've also enclosed a flow rate questionnaire for this claim.

It was a pleasure meeting with you. Thanks so much for your help with this process.

Please call me at (208) 287-4914 if you have additional questions or concerns. You may also reach me using email: roxanne.brown@idwr.idaho.gov.

Sincerely,

A handwritten signature in cursive script that reads "Roxanne".
