Dear Mr. Shaw:

Attached please find a copy of a REQUEST FOR EXTENSION OF TIME TO FILE ADJUDICATION CLAIM(S) in conjunction with the adjudication in Cassia County. I understand that such requests should be forwarded directly to your office rather than to the Southern Region.

Also attached please find nine completed NOTICE OF CLAIM TO A WATER RIGHT forms with appropriate filing fees. The completion of these claims has been delayed due to the change of ownership of some of the lands and the need for the division and segregation of the water rights. Further, the status of several of the previously held permits and licenses were in question and significant research was required through correspondence with Department personnel. It was determined that several permits had been cancelled. The completion of these claims has been diligently pursued, but the gathering of pertinent information took these additional three weeks beyond the filing deadline. We respectfully request that this after-the-fact extension be approved and these claims be accepted by the Department. If the extension is not approved, please contact me so that I might meet appropriate penalty requirements.

I sincerely appreciate your handling of this matter. If you need more information, please contact me.

Sincerely,

Roger C. Neddo

RE: Snake River Basin Adjudication

Dear Mr. & Mrs. Neddo:

Please find enclosed the REQUEST FOR EXTENSION OF TIME TO FILE ADJUDICATION CLAIMS which you recently submitted to the Department. Please note that the request was DENIED and that the fees submitted are not appropriate to cover the late fee penalty.

Since our office cannot accept the claims until the proper fee has been submitted please find enclosed your nine claims and checks as listed below:

<u>Claim Description</u>	<u>Check number</u>	<u>Check amt.</u>
Domestic well	1065	\$67.00
Irrig. well 43-2322	1062	\$130.00
Raft River & well 43-2224	1248	\$50.00
Irrig. well 43-4169	1063	\$210.00
Raft River	1066	\$50.00
Irrig. well	1064	\$150.00
Raft River & well 43-2223	1247	\$50.00
Irrig. well 43-2300	1250	\$50.00
Irrig. well 43-2303	1061	\$50.00

Since the claims are considered late the additional fee for each claim will be \$50.00. Please note that the Domestic well if the use is less than 13,000 gallons per day it could have been claimed on the short form and the fee would have been only \$25.00 instead of \$67.00 or \$75.00 including late fee instead of \$117.00. In returning claims please specify if use is more than 13,000 gpd.

If you have any questions please feel free to contact our office.

Sincerely

Allen Merritt, P.E.
Water Rights Supervisor

RE: Evidence of Priority

RESPONSE DEADLINE

FEBRUARY 3, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **February 3, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

AFFIDAVIT

I Rodney N Hall residing at Malta Id., do hereby swear and affirm that, the well known as East well # 65 drilled in 1959 point of diversion in the NW/4, NE/4, and used for beneficial irrigation in March of 1960, on lands in the W 1/2, NE/4, and E 1/2, NW/4, Sec:29, Rng:27e, Twn:13s.

In later years irrigation water from this well was connected, and now is connected, by pipeline to another well located in the NE/4, SE/4, Sec:30, Rng:27e, Twn:13s. The irrigation water from this well is used on lands in the W1/2, NE/4, and the NW/4, of Sec:29, Rng:27e, Twn:13s, and E 1/2, NE/4, and the N 1/2, NE/4, SE/4, Sec:30, Rng:27e, Twn:13s

The lands water watered by this well totals approximately 340 acres. I recall these dates because they happened while I was in the Air-force, and I am now operating this land.

RE: Right No. 43-4169

Dear Mr. Neddo,

Thank you for looking into the background of the development of the well and forwarding the information. I, in turn, have reviewed the claim files.

My review indicates that the lands that this right covers were not first irrigated until after the Raft River Basin was closed to further ground water (well) development. Idaho statute does allow for you to expand the existing license (43-2322), but does NOT allow any increase in diversion rate or volume over what was licensed. In addition, the statute specifies that all "expansions" shall have a priority date of 6/30/1985. Unfortunately, we can't adjust the priority as requested.

One adjustment I have made is to describe the irrigated land of the license and 43-4169 combined. The effect will be to recommend the entire 80 acres under the license instead of the 78 presently described. Then in the future you can choose which 80 acres of the farm can be irrigated in any year under the license. The updated preliminary recommendations are enclosed.

Please get in touch if you have any questions.

Sincerely,

Douglas Jones, PE
Water Rights Supervisor
Southern Adjudication Unit

PS: Please complete the enclosed Change of Address form so the Dept can update your HC-type address. The Post Office may not be delivering to these addresses in the near future and we need to be kept current. Thanks!

**NOTICE OF ERROR
REPLY**

Please type or print clearly, fill out this form completely and mail.

Return this reply form to IDWR by the deadline date printed below if you want IDWR to change your recommendation or you want to let IDWR know that you agree with its recommendation.

Gentlemen;

The priority date for the permit shown it in error. I have enclosed a power record that shows when this well was electrified. The well was pumped 2 seasons prior to this with diesel tractors. I used the tractors because at that time I was getting diesel fuel for 10.6 cents a gal. I used the 930 Case the first year and because it was a bit underpowered I replaced it with a 1030 case the next year.

I then converted to electricity, because the fuel savings wasn't worth the intensive Case the tractors took.

The priority date for this well should be 1966. See enclosures.

Roger C Meddo

P.S I greatly appreciated the simple thoroughness of the meetings held May 20 2001 in Malta

43-2322, 43-4169, 43-10585, 43-10586, 43-10587

Dear Claimant:

Please find the enclosed copy of the Notice of Completed Administrative Proceeding, which the department has filed with the SRBA Court regarding the above referenced claims. You have received this notice pursuant to SRBA Court Administrative Order 11 requiring IDWR to report to the court and interested parties any pending changes to adjudication claims in basins for which a Director's Report has been filed with the court.

Please contact this office if you have any questions about the notice or the administrative process.

Sincerely,

Trish Fawcett
Technical Records Specialist

MEMORANDUM

To: A43-4169 file
From: Scott King
Date: March 28, 2001

Subject: Cause for recommendation

This claim is recommended as an expansion of 43-2322. Evidence in license file 43-2322 and in well driller logs suggests that the claimed point of diversion was constructed around 1960, and Layne & Bowler conducted a pumping test of the well in December 1960. A transfer was approved in 1964 approving this new well as a point of diversion for 43-2322.

The right was claimed as a statutory right with priority of March 1, 1960 and affidavits attest to irrigation in 1960. However, the 1962 imagery clearly indicates that the land was not irrigated at this time. The 1968 images do indicate irrigation. Therefore, because images do not support development and application of water prior to designation of the Raft River CGWA, this right is recommended as an expansion of 43-2322.

Per phone conversation with Mr. Neddo:

In 1960, well pumped 150 inches. 100-hp motor installed, but oversized and system only drew 60 horsepower. Open discharged, PWL about 100 ft.

The current system is 150-hp motor, 1000 ft deep well, bowls set at 200 ft. Operates 8 lines, 32 birds per line, 9/64" nozzles, at about 60 psi pressure.

RE: Roger Neddo call on well capacity

DATE: 12/20/1999 9:25am

NAME OF PARTY: Roger Neddo 645-2233

(Notes transcribed to this page)

Call from Roger Neddo.

He has 2 wells.

A43-10587 is Now 160-hp

IN 1946, a 10-hp open discharge, PWL ~ 28 ft
SWL ~ 6 ft. Discharge about 150" (3 cfs)

IN 1950's (about 1955) well deepened, 200 ft deep.
40-hp, PWL ~ 60 ft, open discharge about
220" (4.4 cfs).

Now runs 11 lines 32 birds per line, 9/64" nozzles,
70 psi. Est 1725 gpm. OR 9 lines at 80 psi.

A43-4169 (#252)

1st pumped in 1960. Discharge about 150" (3 cfs)

Had 100-hp motor (oversized) drawing 60-hp
Open discharge with PWL ~ 100 ft.

Now well 1000 ft deep with bowls set at 200 ft.

150-hp motor, Operates 8 lines, 32 birds per
line, 9/64" nozzles at 60 psi.

Scott King

Roger Neddo

645-2233

Sweet King
12/20/99

4:25 am

Roger called me

2 wells

1) A43-10587 160 HP
about '55. 1950's

1946 10 hp open dish PwL 28 ft 150"
200 ft well 350. 40 hp. PwL - 60. open dish

2) -04169
#252

1) 11 line 32 9/64" 70 psi

est 1724.8 gpm

160 HP

80 psi 9 lines.

5% leaks 10% back 1897 gpm

2) Now 8 lines 32 birds 9/64" 60 psi
150 HP motor. 1000 ft deep well.
Bowls set at 200 ft.

1960 1st pumped 150" 100 hp oversized, drawing 60 hp
open discharging. ~ PwL 100 ft

Now 1000 ft deep.
Bowls now 200 ft deep.
