Re: Filing to keep Right to use stream

Dear Sir or Madam -

My Family has used the stream for decades on our property in Paje, Idaho. In administering my Mother's estate, I found that I was to file papers to ensure that we could continue to use it. My sister and I return here periodically, but can be most easily reached by E-mail - joseph_kerns@hotmail.com

Re: Water Right Notice of Claim

Kenneth -

I have amended my claim. My motor sustained injuries in an accident 1 July 2011 and died 5 September 2011. I was with her during this time and did not have notice of the date of priority.

I have put in the date from 1964 when my family bought and possessed the land. We have used the stream since 1964.

I am including \$25.00 for the domestize claim filing fee.

Thank you

Joe Kerns
