RE: 95-12260

Dear Mr. Sullivan:

We reviewed your Claim to a Water Right. Your claim indicates the domestic use is from a ground water source and a surface water source (Spokane River). Only one source is allowed per claim. In order to record both uses an additional claim needs to be filed. The water right for the groundwater is valid. The use of water from the Spokane River with the priority date of June 27, 2005, is not valid. When a new diversion of surface water is started after May 20, 1971, an appropriation permit has to be obtained to develop a right.

If you have any questions, please contact us.

Sincerely,
