RE: 95-12366

We reviewed your Claim to a Water Right. Your claim indicates the domestic use is from a ground water source and a surface water source (North Fork Cougar Creek). Only one source is allowed per claim. In order to record both uses an additional claim needs to be filed. The water right for the groundwater is valid for a date of priority of September 9, 1986. If the use of water from North Fork of Cougar Creek is valid for in-stream stock water, with the priority date of September 9, 1986, is valid.

If you have any questions, please contact us.
