OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

~~VILLAGE AT C. J. STRIKE DAM~~

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Beneficial Use

VILLAGE AT C. J. STRIKE DAM

11/16

The place of use for 2-38 should only include that area associated with the C.J. Strike Village. All other irrigated areas appear to be covered by other water rights. The original claim for 2-38 stated a priority of 04/01/1952. The C. J. Strike dam was completed in 1952 and a dedication of the project was held on June 8, 1952. Figure 4 is an photo of the dam and village prior to the completion of the dam. The photo can be dated to sometime prior to 1952 as the dam and generation facilities are not yet completed. The area around the village is being irrigated as this time as evidences by the darker color of the photo. A closer inspection of the photo also reveals circles of slightly dark hue within the village. This appears to indicate irrigation occurring using an impact type sprinkler rotating to create an area of irrigation.

Figure 4: Aerial photograph of the C.J. Strike Dam and village. The darker hue of the area around the village indicates irrigation. Photo can be dated to 1952 or earlier.

Dear Carter:

Enclosed are the claims and filing fees for the CJ Strike and Bliss projects. With regard to claims Nos. 00038, 00039 and 00041, I confirmed with Dave Shaw that the Company would not have to file late fees on these claims since they are part of the larger power projects. Thank you for your assistance in this, and if you have any questions, please give me a call.

Sincerely,

Bruce M. Smith
