Memorandum For Record

Subject: Voicemail messages left regarding 92-10528

1. I received two separate voicemail messages from David Cheyney and Gail Cheyney while out of the office at lunch time on July 9, 2012. The message from Mr. Cheyney indicated he had received my letter but was unclear about whether or not he uses water from a well. The 2nd message from Gail Cheyney indicated they do use water from a well.
2. I left a voicemail message for the Cheyneys at 9 A.M. on July 10, 2012 thanking them for their information and indicating no further action on their part is needed. I also stated it would be some time before the Court acts upon their Claim.
