Dear Mr. and Mrs. Sandstrom:

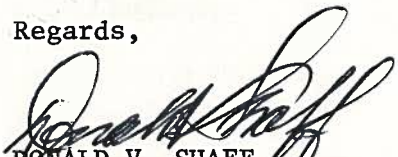

The Department has received your Claim to a Water Right for the Snake River Adjudication, but it must be returned. The reason for returning the claim is the fee is \$30 rather than \$10. Your claim and accompanying check is returned to prevent losing them while waiting for the \$20 balance.

The \$10 fee applies only to claims backed by a water license or a decree of the court. In checking our records, I found your water right does not fall within either of these categories. Consequently, the fee for your claim is figured from the table in the instructions.

In all other respects your claim is more than adequate. You did a very good job describing the water right and the details that surround it. Thank you. Next spring someone from this office will probably contact you about examining your water right - verifying there is a water right as you have claimed.

If you will send another check along with your claim, we will process it and begin our review of it to make a recommendation of it to the court for the adjudication. Thank you for your assistance and cooperation.

Re: Snake River Adjudication

Dear Mr. and Mrs. Sandstrom:

In reply to your card of September 15, 1981, the claim form you requested is enclosed. In addition materials are enclosed that were sent to most of the Snake River water users in Elmore County earlier this year.

If the use of the water you describe is from an irrigation district or company, you would not need to file your own claim for that water. However, if you have an individual water right from the Snake River, you would be wise to file that claim with the court through our office.

If you have any questions or need assistance in filing your claim, please contact our office.

Regards,

DONALD V. SHAFF
