Re: 95-15267

We are returning your Notice of Claim. The date of priority is listed as January 1, 1979. When a new diversion of surface water (the spring and Lake Coeur d'Alene) is started after May 20, 1971, an appropriation permit had to be obtained first. The date of priority is the date the water was first used regardless of who owned the property. If the priority date of your claim is incorrect then you can correct the date and return the claim to our office. If the use of water was started after May 20, 1971, then an application for a permit to use the water needs to be filed.

There is no requirement for a permit to use water from a well for domestic use.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ken Knoblock', written in a cursive, flowing style.

Kenneth Knoblock
Water Right Supervisor
