ELLSWORTH ANGUS – LEADORE RANCH

March 29, 2003

I have not yet seen water rights 66, 67, or 42; however, if they were decreed as they are listed in the “Green Book”, then the water rights on this ranch are pretty screwed up. Water rights 110 and 111 are basically high water rights.

If the legal descriptions are accurate, then 16N26E 35 SWSE (24.5 acres) is served by WR 42, 66, 67, 110, and 111. In the same section SESE (25 acres) is served by 67, 110, 111, and groundwater right 2329.

Since the Lemhi Adjudication, Carl Ellsworth has installed several pivots and transferred water around the ranch. I suggest we get a current map, sit down with Carl and legally transfer water to its current POU.
