MEMORANDUM

December 30, 1996

TO: Permit 02-07400, Claims A02-00097 and A02-02063

FROM: Cindy Hodges *CH*

RE: Overlap Analysis and Licensing Amendment

Permit 02-07400 shows the same general place of use (within N $\frac{1}{2}$ NW Sec 6, T06S R08E) as claim A02-00097. Both are in the name of Daniel Ayarra. Land is also served by Indian Cove Irrigation (under 02-02033 et al). The land is presently owned by Marv and Nancy Wootan. Marv Wootan relates that Ayarra had wanted out of Indian Cove service and first set up a private pump station in the 1960's. This use was claimed as A02-00097. File notes indicate that permit 02-07400 was filed during SRBA claimstaking as a "hedge" against the possible disallowal of the claim. An exam was conducted in 1984 for (little 02) claim A02-00097; a P/D and beneficial use was verified in NWNW Section 6.

Since it sounded like the pump station was still in operation, I scheduled a field exam for 02-07400. However, the land Mr. Wootan showed me as being irrigated under the permit was situated in S $\frac{1}{2}$ Section 31, T05S R08E, where license 02-02063 is appurtenant. Wootans also own this parcel and have filed SRBA claim A02-02063. Mr. Wootan described a portion of my found acreage as previously irrigated under the older license. These acres are not within the Indian Cove service area. The Section 31 pump station was not new (it had been developed under 02-02063), but the pump from the Section 6 station had been moved there and a few more acres placed into production.

The pump station in Section 6 is no longer operable and Mr. Wootan has been irrigating the Section 6 lands with Indian Cove water only. Wootan has not yet applied to change ownership of A02-00097. It is not clear whether the claim is still being exercised. Ownership and validity of this claim may be determined during future SRBA verifications. Ownership of permit 02-07400 was evidently assumed by Wootan and the place of use changed to Section 31 in order to place more acres under that system. This change may have taken place while Ayarra still owned the permit acres and Wootan was farming them. This fact is likely irrelevant now that Wootan has taken ownership.

An assignment may not be obtained because permit holder of record Ayarra is deceased. Mr. Wootan understands that the license must be issued in Ayarra's name, and he is willing to provide signature and fee for licensing amendment. Since there is no SRBA claim required for this permit, Mr. Wootan will need to receive a change in ownership form once the license is issued so that he can fulfill the statutory notification requirements.

Re: 02-2063

Dear Mr. and Mrs. Wooton:

It has come to our attention that you now own the land described on the enclosed water right claim form and formerly owned by the Carnahans and Firebaugh. You may want to file the amended claim to update the current holder of the water right possibly existing on this land.

Although this water right was confirmed by a license issued in 1924, some questions persist as to its current validity. A water right can be lost through five years of continuous non-use. A field investigation will be done soon to verify the signs of non-use appearing on 1974, 1977 and 1980 aerial photographs.

If you believe the water right on the claim is valid, you should sign the form, having your signature(s) notarized and return it to this office. If you have any questions, please contact me.
