Re: Original Water Right No. 63-32288

Renumbered to Water Right Nos. 63-32663

Dear Ms. Conway:

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of the original claim.

When a portion of the original water right has been conveyed to another and the original right has been split, then the original right number is renumbered to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new water right number reflects your remaining portion of the original right after the change of ownership. Enclosed is a copy of this new water right for your records. Please refer to your new number when corresponding with our office. Also enclosed is a copy of the Notice of Completed Administrative Proceedings, which has been sent to the SRBA Court as notification of this change.

If you have any questions concerning this ownership change, or the enclosed copy, please feel free to contact this office.

Sincerely,

Lori Harris
