RE: Request Amendment to Avista's NIA Claim for #95-7041

Dear Ken,

This letter is a follow-up to our discussion on Tuesday, October 2, 2012 for filing an amendment to Avista's NIA Claim for Water Right License No. 95-7041. Per your recommendation, I have handwritten the requested amendments on Item #6 of Page 2 of the Claim and have enclosed the amended copy with this request.

The amendment request is to have the dates for irrigation water use to be changed to March 15 to November 15 of each year to provide better coverage of the irrigation water needs for this site. By extending the season from October 15 to November 15, the irrigator will be able to apply water to the fields at the end of the season, to help reduce airborne dust during the fall tilling.

In regards to Water Right License No. 95-7041, do I need to file a Notice of Change in Water Right Ownership form and associated documents, or did the filing of this claim back on November 16, 2011 cover the change of ownership needed for your records?

If you have any questions, please call me at (509) 495-2571.

Sincerely,

Linda M. Kiefer
Environmental Resource Specialist
