Dear Ms. Edwards;

Per our conversation earlier today, I am sending an adjudication claim form and instructions so that you can claim your irrigation use in the Snake River Basin Adjudication. Although we only discussed irrigation from your well, our records show several surfac-water rights appurtenant to the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 32. If you also irrigate with stream water, these rights will also have to be claimed under the SRBA. Let me know if you need additional claim forms or if you need assistance in filling out the form(s). The filing fee is \$50. per claim plus \$1. per acre claimed. With two irrigated acres, the first claim would cost \$52., while additional claims on the same ground would be only \$50. per claim.

We are returning your application for permit filed to cover this irrigation.

Since you stated that the use began in 1958, filing the claim would give you a much earlier priority date than would an application filed in 1989 (assuming the claim is upheld in the SRBA). Your filing fee of \$30. will be refunded by our Boise office.

Since your adjudication claim was not filed by the June 8 deadline for Cassia County, there would normally be a late charge of \$50. per claim. However, since you were apparently acting on our advice to file the application instead of a claim on your irrigation use, we may be able to waive the late charge. I have

RE: Evidence of Priority

RESPONSE DEADLINE
FEBRUARY 3, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **February 3, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

being first duly sworn,

deposes and says: I was discharged from the Army in September 1959. At the time my folks lived about 1/2 mile further up the valley. In 1960 They moved to their present location. They begin irrigation of the two acres at this time (1960). The well was later replaced by drilling another well along side of the hand dug well but is currently still used for irrigation and domestic uses.
