RE: Snake River Basin Adjudication (SRBA) claims for Allen Noble Farms, Harold D. Breach and Farm Development Corporation

Dear Mr. Ringert:

Enclosed are copies of SRBA claims A02-02160A, A02-02171 and A02-02202 for Allen Noble Farms, and A02-02219B for Farm Development Corp.

We did not have enough information to produce accurate claims for the portions of water rights 02-02197 and 02-02175 as requested for Harold D. Breach. These claims require the "splitting" of the water rights. This requires knowledge of the amount of water and the lands to be claimed for each right.

If you have any questions, please contact this office.

Sincerely,

Carter Fritschle

Re: Snake River Basin Adjudication
Twin Falls County Case No. 39576

Dear Mr. Shaw:

As I indicated during our telephone conversation this morning, I have been involved recently in federal court litigation which has consumed an inordinate amount of my time and has prevented me from devoting the time I thought would be available for preparation of notices of claims for clients with water rights in Canyon County. Also, in preparing notices of claims for Nampa & Meridian Irrigation District I have encountered some complexities of which I was not previously aware, that require additional analysis and planning.

For these reasons, I hereby request an extension of time to April 1, 1990, to file the notice of claims for the following named parties or identified water rights:

Allen Noble Farms, Inc.
Farm Development Corporation
John H. Brandt and Donald Brandt
Gordon Tiegs and Patricia Tiegs
Harold D. Breach or successor in interest
Nampa & Meridian Irrigation District
Beverly E. Morris
Ellen Hodge
Charles Pintler or Desert Sun Farms, Inc.
J. D. Karen or Larry Williams
All portions of License No. 29411 (records indicate the present holders are Allen Noble Farms, Inc., Beverly E. Morris and Ellen Hodge)

Please advise if any further information is required in order for you to consider this request for extensions.

Yours very truly, .

NAME OF PARTY 5 J's - Noble & MorrisEMPLOYEE John K Moyer.

RE: In reviewing all the water rights from
P.D 45 SE NW Sec 22 T14R3W it appears
that only 2 rights 02-2198 & 02-2167 need
to be limited. They are the latest rights
in the system belonging to 5 J's Inc.

It appears that the only measurement
taken of the total capacity of the system
was measured with a "H H" meter in
a ~~the~~ concrete ditch. The majority of
the rights were calculated from the
number of sprinkler holes or spooling
meter out of the canal.

Since there are only three users from
the system, there shouldn't be any
problems.

It wouldn't hurt to have another
measurement for this system
