RE: Snake River Basin Adjudication SRBA
Claim #A43-10593 - Cassia County

Dear Mr. Yates:

Enclosed please find the computer generated Notice of Claim #A43-10593, for the additional 72 irrigated acres located in Cassia County. As we discussed during our phone conversation on July 10th, 1989, when you were in Burly at the Mobile Office I had indicated to you that you would have the opportunity to claim these acres based upon your application #43-07211 in a second round of filing. However this was not your only option. As your property is located in a critical groundwater area and the expansion occurred before the Commencement of the SRBA, you may file a claim based upon expansion of your existing License. I have enclosed a copy of Idaho Code §42-1416B which covers Claims for expanded use in a critical groundwater area, for your reference.

Please review the enclosed claim to assure that it is correct and in agreement with your water right. If you believe anything is incorrect, make the corrections on the claim, initialing the changes. As this claim is being submitted after the filing deadline for Cassia County, enclosed is a Request for Extension of Time to waive the late filing fee. Please complete the form.

MICROFILMED

August 3, 1989

Please sign, notarize and return with a copy of this letter, the Notice of Claim to a Water Right and the Request for Extension of Time. Also enclose the filing fee of \$126.00 (\$50.00 plus \$1.00 per acre). If the Request for Extension is denied the processing of your claim will be suspended until the late fee, which would be \$50.00 is paid.

Please return the documents to this office to my attention. If you have any questions or concerns please do not hesitate to contact this office.

Yours Truly,

Anna Baumhoff
Water Rights Agent

AB:mcc:state

Enclosure:

Claim #A43-10593
Copy of Claim #A43-10593
Request for Extension of Time
Copy of Statute §42-1416B

*Anna - we have corrected this amount to \$122.00
(72 acres x \$1.00 + \$50.00) We paid for 168 acres
when we met in Burley. Our check was in the
amount of 243.00 (168 acres x \$1.00 + 50.00 + (domestic) 25.00)*

RE: Evidence of Priority

RESPONSE DEADLINE
FEBRUARY 3, 1992

Dear Claimant:

The Notice(s) of Claim identified with the number shown above your name on the mailing label has been filed in the Snake River Basin Adjudication (SRBA). The Notice(s) indicate your water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed. **The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit.** The Department will soon conduct reviews &/or field exams for the claims in your area. Since the priority date of a beneficial use water right can not be confirmed by field examination, **proof must be provided supporting the priority date you have claimed.**

The Department will not recommend the Notice(s) be decreed by the court as claimed if no evidence of a priority date is submitted.

Please find enclosed a computer printout of your Notice(s) and the pamphlet entitled "Evidence of Priority". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date".

Please submit the required evidence supporting the priority date(s) by **February 3, 1992**, referencing all documents with the corresponding Notice number(s). If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

Respectfully submitted,

Allen Merritt, P.E.
Water Rights Supervisor

JAN 24 1992

Department of Water Resources
Southern Region Office

Dear Mr. Merritt,

Enclosed please find documents supporting priority date of April 1, 1984 on reference #A43-10593. We have included copies of invoices for the purchase of a 100 HP pump, 6 wheel lines, a 75 horsepower booster pump, 3/4 mile pvc mainline, and insurance for the wheel lines. We have also included an aerial photo and crop report for 1984 showing 240 planted acres. The photo clearly shows the mainline running north and south. You'll also find records from Raft River Electric showing the contract for increased power, and billings comparing the power demand of 1981, 1982, and 1984. These all substantiate our claim of an April 1, 1984 priority date for expansion of A43-02307. (See also application 43-07211).

In addition we affirm that we irrigated the eastern third of our farm: NW 1/4, & N 1/2 of SW 1/4 of Sec. 33, Township 13 South, Range 27 East of the Boise Meridian, beginning in April of 1982 by using 1/4 mile 10 inch aluminum mainline to transport the water to an irrigation ditch running north and south along the east side of the property. Use of the eastern third of the farm to grow crops prior to this date was not possible because we were still flood irrigating, and this ground was too high relative to the location of the well. In 1984, we changed to sprinkler irrigation in an effort to conserve and make the best possible use of our water.

If you need further information, please contact us by phone at 208-645-2438 or by mail.

Dear Mr. Merritt,

I, Katherine Yates, would like to verify that Kirt and Janet Yates did flood irrigate the eastern third of their property: NW 1/4, & N 1/2 of SW 1/4 of Sec. 33, Township 13 South, Range 27 East of the Boise Meridian, during 1982 and 1983 by using a mainline to transport water from their well to a ditch on the east side of this ground. Prior to this, the eastern 1/3 of their farm was not irrigable due to the slope of the ground and the location of the well.

Sincerely,

Katherine Yates

AGREEMENT FOR PURCHASE OF POWER

made this 1st day of April, 19 66 between the
Cooperative, Inc., hereinafter called the Seller, and

----- hereinafter called the Consumer.

REAS the Consumer is the owner of the following described real
estate located in Cassia State of Idaho, particularly

it:

NW $\frac{1}{4}$
N $\frac{1}{2}$ SW $\frac{1}{4}$

-----, Township 13 South, Range 27 East,

-----Meridian. And has a well on the NW $\frac{1}{4}$ SW $\frac{1}{4}$

of Section 33 of the said real estate and desires to irrigate the irrigable
portion of said real estate by pumping water from such well or wells.

NOW, THEREFORE, THE SELLER agrees to sell and deliver to the Consumer on the
above described real estate, electrical energy up to 100 HP effective May 1, 1982 BB path
agrees to purchase from the Seller all electrical energy used for pumping water from
the well or wells upon said premises for irrigation purposes during the irrigation
season of each year for a period of not less than -----years from the date of
this contract.

1. Service Characteristics

The electrical energy to be furnished under this contract shall be alternating
current, three (3) phase, sixty cycle, 480 volts.

2. Payment

The Consumer shall pay to the Seller for the electrical energy furnished at the
rates and upon the terms and conditions set forth in Schedule C which is hereto
attached and by reference made a part of this contract.

In the event that the Consumer uses no electrical energy upon the said premises
or the amount of electrical energy used by the Consumer during any irrigation season at
the purchase price or prices shown on Schedule C shall not equal \$ 160.00

after the bill is mailed to the Consumer. If the Consumer shall fail to pay any such bill within such fifteen day period, the Seller may discontinue the service hereunder, by giving to the Consumer ten days notice in writing of its intention to do so.

3. The Consumer agrees that if at any time the rate under which the Seller purchases electrical energy at wholesale is modified, the Seller may make a corresponding modification in the rates for electrical energy furnished hereunder. If the rate to the Consumer be increased by such modification, the Consumer shall have the right to cancel this contract unless the Seller shall elect to furnish the electrical energy at the rates specified in Schedule C herein before referred to.

4. Continuity of Service

The Seller shall use reasonable diligent to provide a constant and uninterrupted supply of electrical energy. But if such supply shall fail, or be interrupted, or become defective, through the act of God, public enemy, by accident, strikes, labor troubles or the burning out of any transformer, generator, or other electrical equipment or for any other cause beyond the reasonable control of the Seller, the Seller shall not be liable to the Consumer for any damage that he may sustain by reason of such interruption in service.

5. Membership

The Consumer shall become a member of the Seller, shall pay the membership fee and be bound by the provisions of the Articles of Incorporation and provisions of the By-Laws of the Seller and by such rules and regulations, as may from time to time be adopted by the Seller.

6. Term

This agreement shall become effective on the date of its execution and shall remain in effect for a period of eight (8) years and thereafter until terminated by either party giving to the other four (4) month's notice in writing of its or his desire to terminate the same.

7. This contract shall be and constitute a covenant running with the above described real estate and shall be binding upon and enure to the benefit of

AGREEMENT FOR PURCHASE OF POWER

THIS agreement, made this 1st day of April, 19 66 between the
Raft River Rural Electric Cooperative, Inc., hereinafter called the Seller, and
Willard Yates hereinafter called the Consumer.

WITNESSETH, WHEREAS the Consumer is the owner of the following described real
estate in the County of Cassia State of Idaho, particularly
described as follows, to-wit:

NW $\frac{1}{4}$
N $\frac{1}{2}$ SW $\frac{1}{4}$

Section 33, Township 13 South, Range 27 East,
of the Boise Meridian. And has a well on the NW $\frac{1}{4}$ SW $\frac{1}{4}$
of Section 33 of the said real estate and desires to irrigate the irrigable
portion of said real estate by pumping water from such well or wells.

NOW, THEREFORE, THE SELLER agrees to sell and deliver to the Consumer on the
above described real estate, electrical energy up to 100 HP effective May 1, 1982 B.B. path
agrees to purchase from the Seller all electrical energy used for pumping water from
the well or wells upon said premises for irrigation purposes during the irrigation
season of each year for a period of not less than years from the date of
this contract.

1. Service Characteristics

The electrical energy to be furnished under this contract shall be alternating
current, three (3) phase, sixty cycle, 480 volts.

2. Payment

The Consumer shall pay to the Seller for the electrical energy furnished at the
rates and upon the terms and conditions set forth in Schedule C which is hereto
attached and by reference made a part of this contract.

In the event that the Consumer uses no electrical energy upon the said premises
or the amount of electrical energy used by the Consumer during any irrigation season at
the purchase price or prices shown on Schedule C shall not equal \$ 160.00

to be paid during any irrigation season then the Consumer agrees to pay to the Seller a

after the bill is mailed to the Consumer. If the Consumer shall fail to pay any such bill within such fifteen day period, the Seller may discontinue the service hereunder, by giving to the Consumer ten days notice in writing of its intention to do so.

3. The Consumer agrees that if at any time the rate under which the Seller purchases electrical energy at wholesale is modified, the Seller may make a corresponding modification in the rates for electrical energy furnished hereunder. If the rate to the Consumer be increased by such modification, the Consumer shall have the right to cancel this contract unless the Seller shall elect to furnish the electrical energy at the rates specified in Schedule C herein before referred to.

4. Continuity of Service

The Seller shall use reasonable diligent to provide a constant and uninterrupted supply of electrical energy. But if such supply shall fail, or be interrupted, or become defective, through the act of God, public enemy, by accident, strikes, labor troubles or the burning out of any transformer, generator, or other electrical equipment or for any other cause beyond the reasonable control of the Seller, the Seller shall not be liable to the Consumer for any damage that he may sustain by reason of such interruption in service.

5. Membership

The Consumer shall become a member of the Seller, shall pay the membership fee and be bound by the provisions of the Articles of Incorporation and provisions of the By-Laws of the Seller and by such rules and regulations, as may from time to time be adopted by the Seller.

6. Term

This agreement shall become effective on the date of its execution and shall remain in effect for a period of eight (8) years and thereafter until terminated by either party giving to the other four (4) month's notice in writing of its or his desire to terminate the same.

7. This contract shall be and constitute a covenant running with the above described real estate and shall be binding upon and enure to the benefit of

Total Flow	0	gpm	=
Pivot / System rating		gpm	=

Comments / Data Supplied:

1/13/2000 snk

Form was not completed, but an invoice from Aurora Pump was attached. The invoice, dated April 29, 1982, indicates that the pumping system is 100-hp well pump designed for 2000 gpm at 120 feet of head.

December 6, 1999

Data Submission for Estimating Well Pumping Capacity

This form is for documenting historic flow rate from a well based on available information including: flow measurements, pump curves or specifications, system characteristics such as motor horsepower, depth to water, discharge pressure, and irrigation system characteristics. The department is attempting to quantify the maximum rate of flow diverted and put to beneficial use in the years prior to November 1987.

If you have any questions regarding this data request, please contact either Scott King (208) 327-7897 or Cindy Bird (208) 327-5450. You may also dial the adjudication hotline (1-800-451-4129) and ask for Scott or Cindy. If you prefer to discuss these questions with us instead of completing the form, your call is welcomed. We can also be contacted by e-mail at sking@idwr.state.id.us and cbird@idwr.state.id.us

1) Rate of Flow measurements: _____ (cfs or gpm)

Please give approximate date, person or entity performing measurement, description of measuring device and any other applicable data. Examples may include measurements made as part of an energy efficiency survey, which are often provided as a service through your electric utility.

2) Pump characteristic curves or specifications: Please include copy of pump curve, or state designed pumping capacity, rated flow and head, and approximate year of pump installation. Other helpful items may include the pump manufacturer, model number, and number of stages.

3) Pumping system characteristics:

Diversion rate can be determined by using power, pumping lift, discharge pressure, and estimated pumping efficiency. If the system has changed over time, you can provide information for several system configurations.

Year	Well pump motor horsepower	Booster pump(s) motor horsepower	Depth to water, pump off (ft)	Depth to water, pump on (ft)	Discharge pressure (psi)

4) Irrigation System:

Please provide description of the water delivery system. State number of lines and birds, nozzle size, and operating pressure(s) of impact-type sprinkler systems; designed rated flow for pivot systems. As above, if various systems have been used through the years, provide year as well. Example:

1963 to 1974 – Well pump open discharges to ditches for flood irrigation using 50 siphons per set. Siphons were 1.5 inch diameter, 5 feet long.

1975 to 1984 – Six wheel lines with 32 birds per line, 5/32 inch nozzles operating at 60 to 70 psi at the sprinklers.

1985 to present – Eight tower center pivot with impact sprinklers and end gun, no corner catcher, designed for 1150 gpm. Also solid set hand lines in corners which operate separate of the pivot, operating a total of 250 birds per set, 9/64 inch nozzles operating at 65 to 75 psi at the sprinklers.

5) Other information:

Please also include any other information that you feel may indicate maximum historic diversion rate for your well.
