Subject: Update of Transfers 69167 & 69170

FYI:

These two transfers were updated simultaneously & create a little confusion with 74-15005. Or maybe just to me looking from my end.

Transfer 69167 split rt 74-1774 creating claims & recommendations for rts 74-15005 & 74-15006.

Transfer 69170 transferred the unchanged portion, 74-15005 (no split).

When updates were complete the Recommendation for 74-15005 reflects the result of Transfer 69167, and Transfer 69170 updated the recommendation record by modifying the claim. **The claim version is the last version of rt 74-15005.**

Happy Transfers.

Pam.
