Dear Mr. Hodge:

I am writing in regard to the change of ownership notice for the Notices of Claim to a Water Right for the property appurtenant to the land purchased from Harold Steiner. These claims are numbered A57-10035 and A57-10036.

Although Mr. Steiner did file these claims in the Snake River Basin Adjudication, he withdrew the claims in November of 1989. He did this based on the deferral option for domestic and stockwater uses.

You do have the option of refiling a claim for these uses. However, the Notices of Claim will need to be filed with the court because the director's report has been filed in basin 57. I am enclosing the necessary forms should you wish to file a claim.

The change of ownership notice also referred to a third Notice of Claim. This claim is numbered A02-02267 and is for irrigation from the Snake river. The ownership has been changed on this claim and I am enclosing a copy for your records.

If you have any questions or need assistance in completing the Notice of Claim form, don't hesitate to contact me.

Although a license was issued for this water right, the recommendation in the adjudication ~~was~~ reduced the diversion rate and the irrigated acreage. This water right was examined without the benefit of an aerial photograph. Photography in 1974, 77 and 80 show fewer acres irrigated than the 260 acres licensed. The recommendation is therefore, for 233 acres and a corresponding 4.66 cfs.
